

McK. & R.

Pure Fruit Juices.

USED IN MOST OF THE
LEADING STORES. _____

• • •

McK. & R. Fruit Juices are made from fresh ripe fruit, and contain no artificial flavoring or coloring matter. They taste just like the fresh fruit itself. They produce more Syrup and better Syrup than most juices and are hence the most economical.

• • •

IF YOU ARE LOOKING FOR THE BEST
JUICES IN THE MARKET TRY THE
McK. & R. BRAND. ∴ ∴ ∴ ∴ ∴

NATIONAL LIBRARY OF MEDICINE
Bethesda, Maryland

Gift of
William H. Helfand

McK. & R. New Specialties.

McK. & R. BLENNOSTASINE CRYSTALS.

A New Remedy for Influenzal Colds, Hay Fever, Catarrh, etc.

McK. & R. BLENNOSTASINE PILLS, 1, 3 and 5 gr.

One or two 5 grain pills will cure an ordinary "cold" in twelve hours.

(See inset opposite page 224.)

McK. & R. OLEO-STEARATE OF ZINC.

A new pharmaceutical product for use in nasal, nasopharyngeal and laryngeal surgery. Prepared from the formula of Dr. W. F. Chappell.

THE FOLLOWING COMBINATIONS ARE SUPPLIED :

Oleo-Stearate of Zinc with Acetanilid.

Oleo-Stearate of Zinc with Antipyrine.

Oleo-Stearate of Zinc with Balsam Peru.

Oleo-Stearate of Zinc with Boric and Carbolic Acids.

Oleo-Stearate of Zinc with Camphor and Menthol.

Oleo-Stearate of Zinc, Iodized.

Oleo-Stearate of Zinc with Liq. Plumbi Subacetatis.

Oleo-Stearate of Zinc with Oleum Pini Pumilionis.

Oleo-Stearate of Zinc with Oleum Pini Pumilionis and Eucalyptol.

Oleo Stearate of Zinc with Ortho-Chlorophenol.

Oleo-Stearate of Zinc with Tannic Acid.

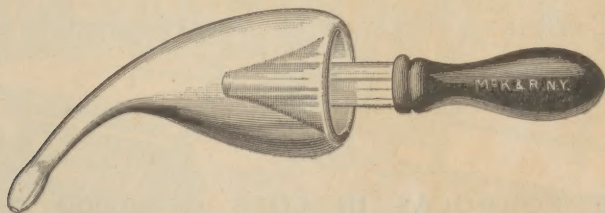

SUPPLIED IN 1 oz. and 1 lb. BOTTLES.

(See inset opposite page 224.)

McK. & R. Aseptic Injector.

An improved instrument for use with the Oleo-Stearate Combinations and also specially adapted for eye and ear applications.

The cone-like chamber preserves the fluid from contact with the rubber bulb thus keeping the medicament aseptic.

Full literature on the above and on Albolene preparations, Pyrozone Solutions, Diuretin, Exalgine, Tartarlitine and Compound Stearate of Zinc sent free on application.

McKESSON & ROBBINS, NEW YORK.

GELATINE COATED PILLS

RELIABLE, **SOLUBLE**, EASY TO TAKE.

McK.&R. GELATINE COATED PILLS HAVE ALWAYS BEEN ACCORDED THE PREFERENCE FOR GENERAL EXCELLENCE OF MANUFACTURE.

THE PILLS ARE PERFECTLY SOLUBLE; THE GELATINE IS SPEEDILY CONVERTED INTO JELLY AND THE CONTENTS OF THE PILL LEFT FREE TO ACT. TO TEST THE SOLUBILITY OF THE COATING, PLACE A PILL IN THE MOUTH AND NOTE THE RAPID DISSOLUTION OF THE GELATINE. A SINGLE TRIAL OF A DOSE OF COMPOUND CATHARTIC PILLS WILL ATTEST THEIR SOLUBILITY AND EFFICACY.

PRIVATE FORMULAS IN LOTS OF 3,000 MADE AND COATED TO ORDER.

McKesson & Robbins, New York.

INTRODUCTION.

WE take pleasure in submitting our **SPRING LIST OF PRICES.**

DRUGS—The first eighty-one pages are printed somewhat in the form of a price-book, so that changes in prices, which we shall endeavor to furnish from time to time, or other memoranda may be inserted on a line with each article. Through our representatives in the principal markets of the world, we possess superior advantages for the purchasing of our stocks; and our customers may rely upon receiving the benefits of such arrangements. We call attention to our Bi-weekly, "Drug Topics," which we issue every two weeks for the nominal sum of \$1.00 per year. We endeavor to furnish in "Drug Topics" prompt information regarding the uses, doses and prices of new remedies, and in the market reports and other information, strive to furnish matter interesting and instructive to the trade.

CHEMICALS AND PHARMACEUTICALS.—We are happy to announce that the increased demand for our Pharmaceuticals has necessitated further extension of our laboratories. These products are quoted on pages 83 to 130, inclusive. Our **GELATINE-COATED PILLS** enjoy the preference of the medical and pharmaceutical professions generally; and their acknowledged merits of neatness, accuracy, and reliability, upon which their popularity rests, will be equally characteristic of all our other preparations. Note reduced prices of pills. Particular attention is asked to our **ALBOLENE**, (the finest and whitest petroleum jelly in the market), **Liquid Albolene**, **Fluid and Solid Extracts**, **Pyrozone 3%, 5%, and 25% Solutions**, **Albolene and Pyrozone Atomizers**, **Compound Stearates**, and **Pulverflators** for the administration of the **Stearates**, **Purified Granulated Salts**, **Pepsin** (Saccharated and Concentrated), **Tartarilithine**, **Tartarilithine and Sulphur**, **Terebene**, **Cocaine Preparations**, **Guaiacocaine**, and a full line of requisites for the soda water fountain, including **Pure Fruit Juices** and **Concentrated Essences**. The quality of our Juices has secured for them universal approbation and a largely increased sale.

DRUGGISTS' SUNDRIES, FANCY GOODS, &c.—We desire to call special attention to the changes and insertions on pages 177 to 205 in the price list of these departments. These have occurred since the issue of our general prices-current of 1883 for druggists' sundries, fancy goods, and surgical instruments. May we ask our friends who still hold a copy of this book to make corrections to correspond therewith?

Prominent among the additions please note **VENNARD'S NONPAREIL PERFUMES**, on pages 184, 185, 186 and 193.

SPONGES AND CHAMOIS.—We have agents at the chief sources of supply; and stock comprises varieties that cannot fail to please the most discriminating buyers. A special catalogue of these goods will be mailed gratis on application.

TERMS.—Prices will be subject to future market variations. Quotations for drugs, chemicals, proprietary articles, and sundries are *net*. **ASSORTED INVOICES** will be sold payable within 30 days, in New York, or interest will be charged at six per cent. per annum, after 30 days, and draft made payable with exchange in New York at 60 days from date of shipment, unless otherwise arranged. A discount of ONE per cent. for cash will be allowed whenever remittance accompanies order. **SPECIAL ORDERS** for goods, not embraced in our usual catalogue, as also articles, which are marked *cash*, will be filled at manufacturers' prices for cash only, payable on receipt of invoice.

CAUTION.—During the past year, a person giving his name as George Bronson has been representing himself as one of our travelers and has borrowed small sums of money from druggists, under the plea that he was waiting for a remittance from the home office, which would reach him at his next town, and he would then return the amount advanced.

We caution our patrons against such impostors and advise that no funds be advanced to strangers.

In conclusion, we beg to say we have been as definite as possible in describing the varieties of particular articles, as also the forms in which the same are usually sold, to prevent misunderstanding in regard to quality or prices; and we shall be happy to furnish goods (of strictly reliable character, put up with promptness in the best style of execution), in any quantities desired, on such terms as will merit a continued patronage.

CORRESPONDENTS MAY RELY UPON THE PROMPT EXECUTION OF THEIR ORDERS FOR GOODS IN QUANTITY, AS WELL AS RARE ARTICLES, PERTAINING TO EVERY BRANCH OF THE BUSINESS, AS IT IS WELL KNOWN THAT WE CARRY IN STOCK THE LARGEST AND MOST COMPLETE ASSORTMENT IN THE TRADE. BY OUR PRESENT ARRANGEMENTS WE ARE ENABLED TO SHIP AND INVOICE ON THE DAY OF RECEIPT ALL ORDERS THAT REACH US BY THE MORNING MAILS.

We solicit your orders or lists for quotations for specified quantities, which will receive careful and prompt attention, with all the advantages which the quantity ordered and the market will permit.

Very respectfully yours,

McKESSON & ROBBINS.

JUNE, 1897.

IN PRESENTING OUR ANNUAL PRICES CURRENT, WE DESIRE TO EXPRESS OUR SINCERE THANKS TO OUR PATRONS FOR THE CONTINUED GENEROUS RECOGNITION OF OUR EFFORTS.

THE DEPENDENCE OF THE PHYSICIAN AND HIS PATIENTS UPON THE PHARMACIST, AND THE CONFIDENCE WHICH SHOULD MUTUALLY EXIST, IMPOSE UPON THE WHOLESALE DEALER AND THE MANUFACTURER OBLIGATIONS, THE INVIOABILITY OF WHICH WE FULLY APPRECIATE. IN EXTENDING THE SPHERE OF OUR LABORS, AND ENDEAVORING TO KEEP PACE WITH THE PROGRESS OF THERAPEUTIC SCIENCE, NO EFFORTS WILL BE SPARED TO PROPERLY DISCHARGE THESE OBLIGATIONS.

DURING THE PAST FOUR YEARS, WE HAVE ADDED TO OUR LIST OF PHARMACEUTICAL MANUFACTURES THE PYROZONE SOLUTIONS (3%, 5%, AND 25%), THE COMPOUND STEARATE OF ZINC PREPARATIONS, TARTARLITHINE, TARTARLITHINE AND SULPHUR, GUAIACOCAINE, GUAIAQUIN, THE OLEO-STEARATE OF ZINC PREPARATIONS AND BLENNOSTASINE.

WE ALSO CALL SPECIAL ATTENTION TO OUR ALBOLINE AND PYROZONE ATOMIZERS AND THE PULVERFLATORS, ADAPTED TO ADMINISTER THE COMPOUND STEARATE PREPARATIONS.

ORDERS ARE SOLICITED FOR GOODS IN ANY WAY RELATED TO THE DRUG TRADE; AND BY ACCURACY, NEATNESS AND PROMPTNESS IN EXECUTION, WE HOPE TO MERIT YOUR CONTINUED FAVORS.

THE 3% SOLUTION PYROZONE, BEING AQUEOUS, IS LIABLE TO FREEZE AND CANNOT BE SHIPPED IN WINTER EXCEPT AT CUSTOMERS' RISK. FULL SUPPLIES SHOULD BE ORDERED IN THE FALL.

VERY RESPECTFULLY,

McKESSON & ROBBINS.

MEDICINAL AND TECHNICAL DRUGS,
CHEMICAL AND PHARMACEUTICAL PREPARATIONS.

This book, being intended for a commercial list of prices of goods, in regular and occasional demand, is compiled and arranged with this view. It is not deemed advisable to encumber it with articles seldom inquired for, but we will always be happy to furnish any crude drug or proprietary article obtainable, or manufacture any pharmaceutical or chemical preparation, which cannot be supplied from our stock or in our market.

We give special attention to supplying new stocks. Our large and complete assortment enables us to fill such orders entire, and give satisfaction in price and quality.

CORKS, see list, pages 171 and 172.

NOTE.—We manufacture our own corks and can offer superior inducements, both as regards quality and price. Special sizes made to order. Quotations given for large orders. Particular attention is directed to the "Maltese Cross" brand of Corks. These are manufactured from the best cork wood obtainable, carefully selected; and are warranted to give satisfaction.

| EXTRACTS, FLAVORING, THOMAS', see page 91. | | | | | |
| EXTRACTS, FLUID, MCKESSON & ROBBINS', see p. 92. | | | | | |

These Extracts are prepared by cold re-percolation, thereby avoiding the effect of heat and exposure to the air, which impair those active principles in which the virtues of all vegetable remedies consist. By experience we have determined the greater efficacy of different menstrua in the exhaustion of the virtues of different drugs; in some, glycerin being a valuable adjunct to the alcohol—in others, objectionable. Each drug is carefully studied by itself, and great care is taken that each lot of the same extract shall be uniform with the preceding, the specific gravity, where the same menstruum is used, being a test. The process which we employ has been endorsed by the leading Pharmaceutical journals and by our best chemists, and every thinking Pharmacist will readily acknowledge the danger of applying heat to medicinal drugs. Formulas for making Syrups, Tinctures, &c., from our Fluid Extracts, are printed on the labels.

EXTRACTS, PERFUMERY, VENNARD'S, in 8, 16, and 32 fluid oz. Coin Glass-Stop. Bottles.
All orders in bulk; no charge for bottles. PINT 3 00

* This Asafoetida should be used by druggists instead of the powdered, as the BEST QUALITY of the Gum cannot be powdered so that it will not run together, and it is also injured by heat in drying. It is much superior to the Gum, as it is pure, freed from dross.

McK. & R. Juices are pronounced superior to anything of the kind ever offered in market, retaining the flavor of the fruit, and if properly cared for, free from any danger of fermentation; they are manufactured in our laboratory, and we can guarantee that no Ethers, nor any injurious substances whatever, enter into their composition. In preparing Soda Water Syrups no heat nor any addition of acid or coloring matter is necessary. Merely mix the juice and simple syrup in the proportion given on the label and the flavors are ready for use.

By request of some of our customers we have added to our list a line of concentrated Fruit Syrups for fountain use. See page 161.

Kali and Kalium, see Potassium.

By a method of our own, we obtain this salt absolutely pure, free from the red iodide or metallic mercury; and in perfectly IMPALFABLE POWDER. The advantage of this must be apparent to every physician and pharmacist. We have received abundant testimony as to the great superiority of this preparation. The irritation of the stomach so frequently caused by the ordinary salt is no doubt due to impurity, such as red iodide, and is not observed in the use of our proto-iodide. We will furnish samples of the granules or of the salt on application. See page 116. Caution! Specify “McK. & R.”

OILS, ESSENTIAL, NOTE:—We would call special attention to our essential oils, which are selected and tested with the greatest care, the finest qualities of both medicinal and technical oils being offered in the following list. Our extended connections, both in home and foreign markets, give us unusual facilities in selection of qualities and in prices, the advantages of which we can offer to our customers. Whether Castor, Cod Liver, or Croton Oils are required for Medicine; Lemon, Peppermint, or Wintergreen, for Flavoring Extracts; Bergamot, Neroli, or Rose for Perfumery, it should be regarded as an axiom—“the best is always the cheapest.”

The foregoing pages embrace all the important drugs, chemicals, oils, etc.

Our supplies are purchased in the most advantageous markets, and our stock, as is well known, is the largest in the United States, if not in the world. In the fitting out of new stores our comprehensive stock will be found of great convenience; we carry everything required by the well-equipped druggist.

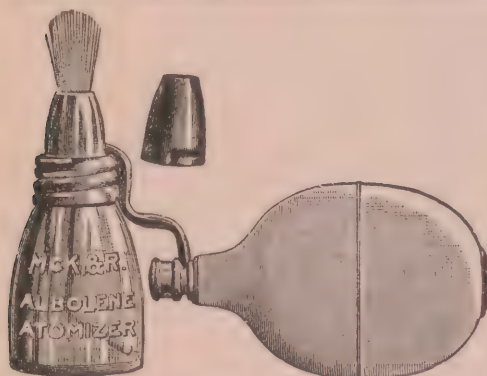

Correspondents may rely upon receiving all the benefits of our superior advantages, both as regards prices and quality of goods, whether their orders are for small or large quantities.

Articles, not in the regular drug line, we are always very glad to purchase for our customers whenever desired, but such goods are not returnable.

Our endeavor is to ship all express orders on the day of receipt, as well as freight orders reaching us in the morning's mail.

It is sometimes economical to forward by mail small articles needed in a hurry. We always prepare such packages with the utmost care, but we cannot assume any responsibility for breakage or loss, should any occur.

We invite your orders and correspondence, and whenever you have occasion to visit our city a personal call will be appreciated.

THE ALBOLENE ATOMIZER, A.

McK. & R. Albolene Atomizer.

This is the simplest and handiest atomizer in the market.

It takes up but little room, can be easily filled and emptied, is well and strongly made, not easily broken, and can be readily carried in the pocket.

THE ALBOLENE ATOMIZER is expressly designed for the vaporization of LIQUID ALBOLENE and combinations in the treatment of diseases of the air passages: asthma, bronchitis, hay fever, nasal catarrh, etc.

McK. & R. LIQUID ALBOLENE.

(SUPPLIED ONLY IN 4 OZ., PT. AND 5 PT. BOTTLES).

This is a colorless, tasteless and odorless fluid obtained from petroleum; it does not saponify nor become rancid, is not decomposed by acids or alkalies, and is especially adapted for use in a vaporizer or spray apparatus.

DR. CHARLES H. KNIGHT uses a spray of menthol and liquid albolene. DR. LENNOX BROWNE found the same agent very valuable in the treatment of influenza; he also uses it constantly for ordinary colds, bronchitis, etc.

"Liquid Albolene is preferable to fluid vaseline, for the latter alone often proves irritating to the mucous membrane."—DR. S. S. BISHOP, *Medical News*, July 26, 1890.

McK. & R. BENZOINATED LIQUID ALBOLENE.

(SUPPLIED ONLY IN 4 OZ., PT. AND 5 PT. BOTTLES).

This is a very agreeable preparation of liquid albolene. It is especially recommended for use in an atomizer, and also for operations on the eye. For this last and most delicate purpose liquid albolene is eminently fitted, as, according to DR. LUNDY, it never becomes rancid, as other preparations so often do. This is due to its absolute purity.

McK. & R. COMBINATIONS OF LIQUID ALBOLENE.

| Carbolated Liq. Albolene. | Thymolated Liq. Albolene. |

(SUPPLIED ONLY IN 4 OZ., PT. AND 5 PT. BOTTLES).

McK. & R. ALBOLENE SPRAY SOLUTION.

FORMULA:—Menthol, Thymol, Eucalyptol, Liquid Albolene.

(SUPPLIED ONLY IN 4 OZ., PT. AND 5 PT. BOTTLES).

We are obliged to caution the profession against injurious imitations of McK. & R. Liquid Albolene and Combinations, and would suggest their prescribing in 4 oz. or 1 pt. bottles whenever practicable.

McKESSON & ROBBINS, NEW YORK.

McKESSON & ROBBINS,

Chemists,*

*Manufacturing
Pharmacists.*

LABORATORY DEPARTMENT.

We were awarded the highest medals, both at the Vienna and our Centennial Expositions, for excellence of our Preparations, including Gelatine-Coated Pills, Fluid Extracts, Elixirs, Syrups, &c., and we take pride in calling attention to the unqualified favor with which they have been received by the medical and pharmaceutical professions. We ask the continued patronage of those, who, by experience, can attest their superiority, while we request trial orders from all with whom quality is the main desideratum. We received a medal at Paris, in 1878, for crude indigenous drugs and essential oils, which comprised our whole exhibit. We were, also, awarded the first medal at Sydney, Australia, for fine Chemicals, which embraced our Quinine, Cinchonidine, &c. We were awarded a silver medal for our Capsuled Pills, at the Calcutta Exhibition of 1883-4, a gold medal at the exhibition at Ostend, Belgium, 1888, and a gold medal at the exhibition at Barcelona, Spain, 1888. At the Michigan State Pharmaceutical Association, held in Detroit, 1888, we were awarded a gold medal for the most instructive exhibit.

We desire to call attention to the purity, whiteness and lightness of crystallization of McK. & R. Quinine, Morphine and Cinchonidine.

Regarding the cause of dissatisfaction with many of the Fluid Extracts and Pills offered in the market, to be due to careless selection of the crude drug, careless manipulation in manufacture, the want of practical knowledge of Pharmacy, and a strong desire to realize excessive profits on sales, we give this department our personal attention, and carefully superintend every detail.

ABSTRACTS—U. S. P., 1880.

Each grain of the powder represents two grains of the crude drug. Keep in well corked bottles in a cool place.

McK. & R. SOLID ALBOLENE.

For Medicinal and Pharmaceutical Use.

Conforming to U. S. P. requirements for Petrolatum, but superior to this and all similar products, as it is colorless and odorless and cannot become rancid.

When Albolene is ordered the Liquid is always understood. When the “Solid” is desired, please always specify “Solid Albolene.”

We take pleasure in calling attention to this product as an article that will meet, in the most satisfactory manner, many wants of the physician and pharmacist.

ALBOLENE is a carefully refined product from a peculiar kind of petroleum, and possesses in an eminent degree properties which constitute it THE IDEAL BASE FOR OINTMENTS, CERATES, SALVES, POMADES, ETC. Its soft, unctuous nature renders easy the uniform incorporation of the medicaments. It is readily absorbed. It is free from any definite chemical or physiological action, hence the most delicate ingredients may be incorporated with it without possibility of change. It is white and odorless, and will not become rancid. Its healing properties render it a valuable adjuvant to the active ingredient, particularly in applications to inflamed or abraded surfaces.

ALBOLENE answers all the pharmacopoeial requirements of Petrolatum, and is vastly superior to this and other similar products, as it is absolutely colorless and odorless, and free from any possibility of becoming rancid. For Chafing, Sunburn, and Chapped or Fissured surfaces it is a soothing and agreeable application.

As a base, which cannot become rancid, and which preserves the color even of “carbolic salve” or “citric ointment,” Albolene has a just claim to be used in the manufacture of all cerates and ointments, in which the medicaments do not contain water, such as aqueous solutions or aqueous extracts.

The cerate combinations of Albolene, mentioned in this list, are of ideal consistency for spreading on linen, and cannot become rancid before or after they are applied.

McK. & R. LIQUID ALBOLENE.

When Albolene is ordered the Liquid is always understood. When the “Solid” is desired, please always specify “Solid Albolene.”

| | | |
|--|-----|----|
| McK. & R. Liquid Albolene, in 1 pt. bottles..... | lb. | 40 |
| “ “ “ in 5 pt. bottles..... | lb. | 35 |
| “ “ “ in 4 oz. bottles..... | lb. | 60 |

This water-white oil is odorless and tasteless, and does not congeal nor become rancid. It is suitable for injections and for lubricating purposes, and has been recognized by many prominent authorities as especially valuable for spraying in the treatment of nasal, aural and laryngeal affections, being non-irritant and innocuous in action and a solvent of nearly all the medicaments employed in these ailments. Liquid Albolene is also recommended for injections and as a lubricant to facilitate digital examinations, the passage of instruments, etc. It is cleanly, inodorous and non-irritant. As a fine illuminating oil it is preferable to olive, rapeseed, etc.

Liquid Albolene is a colorless, tasteless and odorless fluid with a specific gravity of .865 at 60° F. It does not saponify nor become rancid, neither is it decomposed by acids nor alkalis.

It forms clear solutions with stronger ether, chloroform, oil of turpentine, oleic acid, benzole, toluol and carbon bisulphide.

Its lightness, and freedom from odor, taste, etc., eminently fit it for use in a vaporizer, spray apparatus, or in ordinary hand atomizer. We give below a list of preparations of Liquid Albolene which may be employed to advantage in the treatment of all NASAL, LARYNGEAL and PHARYNGEAL affections.

McK. & R. PREPARATIONS OF LIQUID ALBOLENE.

| McK. & R. Mentholated Liquid Albolene..... | lb. | 60 |
| McK. & R. Thymolated Liquid Albolene..... | lb. | 60 |

The foregoing in 4 oz. bottles, lb. 80; pt. bottles, pt. 60; in 5 pt. bottles, pt. 55.

Liquid Albolene is the best solvent of these active ingredients for spraying purposes. These combinations are very carefully prepared, and will be found serviceable either for spraying or for topical use wherever the special ingredient is indicated.

DR. CHARLES H. KNIGHT uses a spray of Menthol and Liquid Albolene largely in his throat practice. DR. LENNOX BROWNE found the same agent very valuable in the treatment of influenza; he also uses it constantly for ordinary colds, bronchitis, etc.

"Liquid Albolene is preferable to fluid vaseline, for the latter alone often proves irritating to the mucous membrane."—DR. S. S. BISHOP, *Med. News*, July 26, 1890.

McK. & R. ALBOLENE SPRAY SOLUTION.

FORMULA:—Liquid Albolene, Eucalyptol, Thymol, Menthol.

This is specially recommended in the treatment of nasal catarrh, acute or chronic.

| | | |
|--|-----|------|
| McK. & R. Albolene Spray Solution, in 5 pt. bottles..... | lb. | 90 |
| “ “ “ “ “ in 1 pt. bottles..... | lb. | 1 00 |
| “ “ “ “ “ in 4 oz. bottles..... | lb. | 1 20 |

McK. & R. BENZOINATED LIQUID ALBOLENE.

This is a very satisfactory preparation of Liquid Albolene. It is especially recommended for use in an Albolene Atomizer, and also for operations on the eye. For this last and most delicate purpose Liquid Albolene is eminently fitted, as, according to DR. LUNDY, it never becomes rancid, as other preparations so often do. This is due to its purity. The addition of Benzoin imparts an agreeable aromatic odor, and is by many believed to add to the protective properties of the Liquid Albolene.

McK. & R. Liquid Albolene and its compounds, and the McK. & R. Albolene Spray Solution are supplied only in 4 oz., pint, and 5 pt. bottles.

ALBOLENE FOR POMADE.

As a pomade material, being insoluble in cold alcohol, it is superior to fat or oils for making mother pomade and possesses a much greater affinity for odors, while it is inodorous and will not become rancid.

CAUTION!

We had the pleasure of presenting to the Medical Profession a few years ago, ALBOLENE, a perfectly WHITE, NEUTRAL, ODORLESS and TASTELESS Petroleum Jelly; and LIQUID ALBOLENE, a COLORLESS, ODORLESS, TASTELESS and NEUTRAL Petroleum Liquid. The marked favor with which both of these preparations were received, have led to many imitations, most of which are of a character that render them unsafe for use. We deem it due to the security and reputation of the physician as well as our own to issue this word of caution against these imitations, and to respectfully urge the importance of specifying McK. & R.'s Albolene, or McK. & R.'s Liquid Albolene, as may be desired, in all prescriptions and orders, and of ordering both as far as possible in the original packages, as put up by us.

McK. & R. ALBOLENE ATOMIZER "A."

1 to 12 doz., at one time..... doz. \$ 6 00
 1 gross gross 60 00
 5 gross gross 56 00
 These prices are F.O.B. New York.

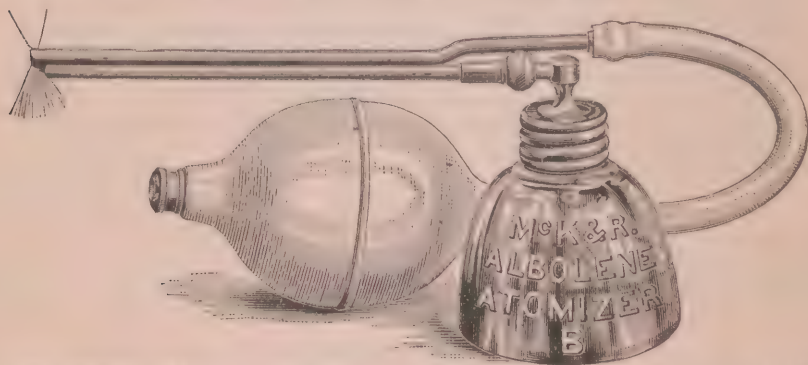

THE ALBOLENE.

This is the simplest and handiest atomizer in the market.

It takes up but little room, can be easily filled and emptied, is well and strongly made, not easily broken, and can be readily carried in the pocket.

THE ALBOLENE ATOMIZER is expressly designed for the vaporization of LIQUID ALBOLENE and combinations in the treatment of diseases of the air passages: asthma, bronchitis, hay fever, nasal catarrh, etc.

NOTE.—Physicians and Druggists, who have used McK. & R. Cinchonidines, pronounce it the finest in the market.

COCAINE AND COCAINE PREPARATIONS.

McK. & R. brand of Muriate Cocaine is crystallized from an alcoholic solution, and is remarkable for the dryness, purity, and whiteness of the crystal. We manufacture only the anhydrous variety; and physicians and druggists can feel assured of receiving a uniform article by ordering "McK. & R.'s anhydrous crystals" in original vials. It is put up in 5, 10, 15 grain, $\frac{1}{2}$ and 1 oz. vials. The *British Medical Journal*, July 24, 1886, speaking of McKesson & Robbins' cocaine, says: "A nominally 5% solution is notably stronger than a solution prepared with other crystals." Both the *Lancet* and *Medical Press*, of London, speak in the highest terms of the McK. & R. preparations.

| Case, No. 4, One $\frac{1}{2}$ oz. McK. & R. 4% Solution, one $\frac{1}{2}$ oz. McK. & R. Oleate | each | 1 50 |
| Case, No. 5, the same as No. 4, except that the glass stoppers of the vials are tapered and lengthened, so that the points reach the bottoms of the vials, like acid-testing bottles. These vials form the most convenient and cleanly way of applying either Solution or Oleate | each | 2 00 |

N. B.—McK. & R. Cocaine Cases, containing a neat hypodermic syringe, are supplied at above prices plus one dollar.

Each case contains also one Medicine Dropper and one Camel's Hair Pencil.

Our Cocaine preparations are carried in stock by the most prominent wholesale dealers of the United States, Canada, and Great Britain.

In ordering, please Specify "McK. & R."

Special quotations given for lots in bulk.

EXTRACTS, FLUID, McKESSON & ROBBINS'.

(DISCOUNT, LIBERAL.)

These Extracts are prepared by cold re-percolation, thereby avoiding the effect of heat and exposure to the air, which impair those active principles in which the virtues of all vegetable remedies consist. By experience we have determined the greater efficacy of different menstrua in the exhaustion of the virtues of different drugs; in some, glycerin being a valuable adjunct to the alcohol—in others, objectionable. Each drug is carefully studied by itself, and great care is taken that each lot of the same extract should be uniform with the preceding, the specific gravity, where the same menstruum is used, being a test. With drugs containing alkaloidal constituents a careful process of assay has been adopted insuring to the completed product proper standardization. The process that we employ has been endorsed by the leading Pharmaceutical Journals and by our best Chemists, and every thinking Pharmacist will readily acknowledge the danger of applying heat to medicinal drugs. The strength of the Compound Fluid Extracts for making the official and non-official tinctures and syrups, is stated on their respective labels, with formulas, etc.

Each pint of our Extracts represents one pound of the raw material, and the dose can be regulated accordingly. Important exceptions are Fluid Extract of Opium—plain and deodorized—which represent the U. S. P. Tinctures in morphine strength, and Fluid Extract of Opium for making the U. S. P. Tinctures, plain and deodorized, each pound representing one-fourth pound of standardized powdered opium. Put up in 5 pts., 1 pt., ½ pt., and 4 oz. bottles.

We desire to call special attention to our Fluid Extracts of Ipecac, Squill, Squill Comp., Sarsaparilla Comp., &c., for Syrups, which make clear Syrups by simple admixture, no filtration being necessary.

Special net prices furnished for bulk lots in specified quantities.

Our Extracts are sent in 1 pint bottles, unless specially ordered otherwise.

This preparation of golden seal is colorless and contains the main alkaloidal principles of the drug. It is of the same strength as the fluid extract, and may be given whenever golden seal is indicated. It is devoid of bitterness, and will not stain the linen when used topically.

Hydrastol, in 4 oz. bottles. doz. 3 50
The use of Hydrastol, which is produced by the action of hydrocarbon on hydrastis, with aromatic antiseptics, as a spray or injection in pathogenic conditions of the mucous membrane passages, has been very promptly admitted, and the value of hydrastis is greatly enhanced by the effective character of the menstruum employed in hydrastol. It may be prescribed with an alboline atomizer and the best effects secured by spraying the nose and throat once an hour, or used in other passages as the physician may direct.

PURE FRUIT JUICES, McK. & R.

These are prepared from ripe, selected fruit during the year's season. They do not contain artificial essences nor injurious substances of any kind, and can be used for soda water syrups, jellies, blanc manges, ice creams, and for agreeable summer drinks, etc. They are very carefully prepared, have a fine flavor, and do not ferment, if used a reasonable time after opening.

OLEATES, MEDICINAL, McK. & R.

Made from McK. & R. chemically pure oleic acid. Unlike the oleates as ordinarily prepared from the commercial oleic acid, the McK. & R. oleates are free from any odor and from any liability to become rancid.

| | | |
|--|-----|------|
| Oleate, Aconitine, 2%, Duquesnel's. | oz. | 2 50 |
| “ “ 2%, Merck's. | oz. | 50 |
| “ Arsenic, Precipitated. | oz. | 25 |
| “ Atropine, 2%. | oz. | 40 |

PILLS, GELATINE-COATED, McKESSON & ROBBINS'.

OVOID IN SHAPE.

CONTINUOUS COATING.

The solubility of our Pills can be proved in a very short time by taking a dose of Compound Cathartic Pills.

It will be readily conceded that the preference of the medical and pharmaceutical professions for GELATINE-COATED PILLS, which is now so general, has been established by the merits of our manufacture. The reputation which the McK. & R. Pills have gained has induced as is usually the case many imitations, in most of which, unfortunately, the *price* has been more of an object than the *quality*. We respectfully urge upon all who would protect themselves against these, the necessity of mentioning our name or initials in ordering pills from other wholesalers. Nearly all the prominent jobbing houses in the United States, Canada, Great Britain, and the Colonies carry the complete line; and the pills may be procured from them by specifying "McK. & R.'s" when ordering. By observing this precaution, the pharmacist will avoid inconvenience to himself and disappointment in results to his physicians and patrons.

We ask attention to the following features of the McK. & R. Pills:

1st.—They are reliable, being made strictly in accordance with the formulas given, and of the best materials only.

2d.—They are soluble: the gelatine, being speedily converted into jelly, the contents of the Pill are free to act. TO TEST THE SOLUBILITY OF THE COATING, PLACE A PILL IN THE MOUTH AND NOTE THE RAPID DISSOLUTION OF THE GELATINE. A SINGLE TRIAL OF A DOSE OF COMPOUND CATHARTIC PILLS WILL ATTEST THEIR SOLUBILITY AND EFFICACY.

3d.—They are very easy to take: patients, who have found it almost impossible to swallow a plain, compressed or sugar-coated pill, are surprised at the readiness with which the McK. & R. Capsuled Pill "goes down," on account of the ovoid shape and the nature of the coating.

4th.—Our Pills are ovoid and the COATING COMPLETELY COVERS THE PILL WITH GELATINE. The McK. & R. pills containing volatile ingredients are specially superior to tablets or compressed pills of similar composition.

| Pills, G. C., McKesson & Robbins' | Bottles 100 pills | Bottles 500 pills |
|-----------------------------------|----------------------|----------------------|
| ACETANILID (Antifebrile)..... | 2 grs. 30 | 1 35 |
| ACETANILID (Antifebrile)..... | 5 grs. 40 | 1 85 |

A valuable antifebrile. Dose: the best initial dose is about two grains, which may be increased to five: this may be repeated every few hours, twenty to thirty grains being taken daily.

ACETATE MORPHINE.....See Morphine.

ACID, ARSENIOS.....See Arsenious Acid.

ACID, SALICYLIC.....See Salicylic.

ACID, THYMIC.....See Thymol.

ACONITINE (Amorphous).....1-100 gr. 25 1 10

Narcotic. Dose, 1-100 grain, given cautiously.

ACONITINE (Duquesnel's Crystals), 1-500 gr. 25 1 10

Very useful in neuralgia, vertigo, etc. Particular stress is laid on the necessity of perfect purity and accurate division, and the source of supply of the drug should in all cases be considered. Physicians generally advise McK. & R. granules of 1-500 gr.

AGARICIN.....1-6 gr. 1 60 7 85

Agaricus was employed several years ago in the treatment of the night sweats of phthisis. Dr. R. Norris Wolfenden considers agaricus equal to atropia in checking perspiration, at the same time it is quite innocuous. According to Siefert agaricin may be given in doses as large as 1-4 gram without nausea.

ALOES, U. S.....25 1 10

ALOES, BARBADOS, B. P.....5 grs. 30 1 35

Pulv. Aloes Barb., 2 1-2 grs.
Pulv. Saponis, 1 1-4 grs.
Conf. Rose, 1 1-4 grs.
Ol. Carl,

ALOES, DILUTE (Hall's Dinner Pill).....30 1 35

Pulv. Aloes Barb., 1 gr.
Pulv. Saponis, 1 gr.
Ext. Glycyrrhizæ, 1 gr.
Theriac, 1 gr.

ALOES, SCOTRINE, B. P.....5 grs. 30 1 35

Pulv. Aloes Soc., 2 1-2 grs.
Pulv. Saponis, 1 1-4 grs.
Conf. Rose, 1 1-4 grs.
Ol. Myristicæ,

|-----------------------------------|----------------------|----------------------|
| ALOES & ASAFETIDA, U. S..... | 25 | 1 10 |

The stimulant and carminative properties of Asafetida adapt these pills peculiarly to cases of costiveness attended with flatulence and debility of the digestive organs.

ALOES & ASAFETIDA, B. P.....5 grs. 35 1 60

Pulv. Aloes Soc., 1 1-4 grs.
Asafetida, 1 1-4 grs.
Saponis pulv., 1 1-4 grs.
Conf. Rose, 1 1-4 grs.

ALOES and IPECAC COMP. (Abernethy).....50 2 35

Pulv. Aloes Soc., 2 grs.
Ext. Hyos., 2 grs.
Pulv. Ipecac., 5-6 grs.
Massa Hydrarg., 1 gr.

ALOES & IRON.....30 1 35

Pulv. Aloes Soc., 1-2 gr.
Pulv. Zingib. Jam., 1 gr.
Ferri Sulph. Exsic., 1 gr.
Extract. Cond., 1-2 gr.

The laxative power of Aloes is said to be increased and its tendency to irritate the rectum diminished by combination with Sulph. Iron. Especially adapted to amenorrhoea, with debility of the stomach and constipation.

ALOES & IRON, B. P.....5 grs. 40 1 85

Pulv. Aloes Barb., 1 gr.
Pulv. Crem. Co., 1 1-2 grs.
Ferri Sulph., 3-4 grs.
Conf. Rose, 1 3-4 grs.

ALOES & MASTIC (Dinner, Lady Webster's).....30 1 35

ALOES & MYRRH, U. S.....25 1 10

A warm stimulant cathartic in general debility attended by constipation and retention or suppression of the menses. The formula is the same as that of Rufus' Pills.

ALOES & MYRRH, B. P.....3 grs. 30 1 35

Aloe Soc., 1 gr.
Myrrhæ, 1-2 grs.
Croci, 1-4 grs.
Conf. Rose, 1 1-4 grs.

ALOES & MYRRH, B. P.....5 grs. 40 1 85

Aloe Soc., 1 2-3 grs.
Myrrhæ, 5-6 grs.
Croci, 5-12 grs.
Conf. Rose, 2 1-12 grs.

ALOES & NUX VOMICA.....30 1 35

Pulv. Aloes Soc., 1 1-2 grs.
Ext. Nuc. Vom., 1-2 grs.

Laxative Tonic. Dose, 1 to 2 pills.

| ALOIN 1-2 gr. | | 35 | 1 60 | { Pulv. Acacis, 1-3-4 grs. } | | | |
| ALOIN 1 gr. | | 60 | 2 85 | { Ext. Glycyrrhizæ, 1-3-4 grs. } | | | |
| <p>Aloin is the active principle of Aloes and was presented to the profession, in pill form, by us several years ago. Its mild aperient action and freedom from the griping tendency present in aloes, has made it a great favorite with many physicians. Aloin, either alone, or in combination with iron, nux vomica, etc., has been used by a great many English and American practitioners. We commend the various combinations given below.</p> | | | | { Oleum Anisi, 1-32 min. } | | | |
| | | | | <p>Each pill represents about one teaspoonful of the "Brown Mixture" of the U. S. P., with the addition of 1 gr. Muriate of Ammonium, and is recommended "In the advanced stages of catarrhal affections, after expectoration has become established." It may also be advantageously prescribed in throat and lung difficulties generally.</p> | | | |
| | | | | AMMONIUM VALERIANATE | | 1 gr. | 40 1 85 |
| | | | | <p>M. Declat speaks of the efficacy of this salt in neuralgia in the highest terms, and it is doubtless valuable in all diseases of the nervous system; such as hysteria, chorea, epilepsy, &c. The salt is perfectly preserved in these pills, as can easily be tested. Dose, 1 to 8.</p> | | | |
| | | | | <p>NOTE.—We call attention to our pill of the Valerianates of Quinine, Iron and Strychnine, which will be found a valuable agent in nervous diseases.</p> | | | |

ANTIPIRIN 2 grs. 1 60 7 85

ANTIPIRIN 3 grs. 2 20 10 85

ANTIPIRIN 5 grs. 3 60 17 85

This remedy for headaches, neuralgia, etc., is best exhibited in small doses at first to guard against idiosyncrasy; it sometimes has disagreeable effects, especially in certain debilitated conditions of the system—as after typhoid fever, etc. It is contraindicated in kidney diseases and in headaches due to retention in the system of the products of digestion. Dose, 2 or more grains, up to 25 grs., or even more. See Exalgine.

APERIENT 50 2 35

| | |

ARSENATE OF STRYCHNINE... See Strych.

ARSENIC. IODIDE 1-35 gr. 80 1 35

ARSENIOUS ACID. 1-60, 1-50, 1-40, 1-30, 1-20 gr. 20 85

Alterative and febrifuge; used in cutaneous affections; also in chorea, malaria, etc. To remove warts the administration of three minima of Fowler's solution or 1-30 grain pill three times a day is recommended.

ASALETIDA 2 grs. 25 1 10

| | |
|----------------|-----------|
| Asafoetida, | 1 1-2 gr. |
| Pulv. Saponis, | 1-2 gr. |

ASALETIDA. U. S. 4 grs. 25 1 10

| | |
|----------------|--------|
| Asafoetida, | 3 grs. |
| Pulv. Saponis, | 1 gr. |

Moderate stimulant, powerful anti-spasmodic, efficient expectorant and feeble laxative. Highly useful in spasmodic pectoral affections, as whooping-cough, asthma, certain infantile coughs and catarrh complicated with nervous disorder. The nauseous taste and odor is effectually concealed in our pills, which are made of purified gum. Dose, 2 to 3.

ASALETIDA COMPOUND 35 1 60

| | |
|----------------------|--------|
| Asafoetida, | 2 grs. |
| Ferri Sulph. Exsic., | 1 gr. |

We use purified asafoetida in all our asafoetida pills.

| | |
|------------------|-----------|
| Atropina, | 1-100 gr. |
| Morphine Sulph., | 1-8 gr. |

BELLADONNA EXT....1-20, 1-8, 1-4, 1-2 gr. 25 1 10

Of decided value in relaxing spasms, and will be found useful in spasmodic asthma, whooping cough, the nervous vomiting of pregnancy and sometimes in tetanus. Dose, for an adult, 1-4 to 1-2 grain two or three times a day.

BISMUTH. SUBNITRATE.....3 grs. 45 2 10

BISMUTH. SUBNITRATE.....5 grs. 60 2 85

Spasmodic diseases, dysentery and particularly diarrhoea. Usual dose, for an adult, five grains, gradually increased to fifteen.

BI-SULPHATE QUININE... See Quin., Bi-Sul.

BLACK HAW EXTRACT.....3 grs. 35 1 60

This drug has been variously reported on in threatened abortion. Dr. Loeff has given one pill four times daily in fifteen cases of non-syphilitic threatened abortion. In no case did abortion ensue, nor were there any disagreeable results; where the pains were severe he added a quarter grain of opium to each dose.

BLAUD'S..... See Ferruginous.

BLENNOSTASINE1 gr. 50 2 35

BLENNOSTASINE3 grs 1 25 6 10

BLENNOSTASINE5 grs.1 75 8 60

Blennostasine is a specific for influenza colds, hay fever and nasal catarrh, and is also valuable in bronchial or gastric catarrh, and as a general blennostatic. In coryza two or three 5 grain doses will promptly control the excessive nasal secretions and bring about a cure in less than twenty-four hours. Hay fever is also promptly relieved by small doses given every hour.

BLUE. COLOGY. & BELLAD.... See Hepatic.

BLUE COMPOUND (Hunter McGuire) 45 2 10

| | |
|-----------------|-------------------|
| Massa Hydrarg., | Pulv. Coloc. Co., |
| Pulv. Aloes, | Pulv. Rhei, aa, |

BLUE MASS, U. S......1-2, 1, 3 grs. 25 1 10

BLUE MASS, U. S.5 grs. 25 1 10

This mass is prepared by succussion in strict accordance with the U. S. P. The oxidation of the mercury is very slight, and the mass retains its softness for a long time. As an alterative, from 1-2 to 1 gr. may be given every 24 hours. As a cathartic, from 5 to 15 grs.; in cases requiring a peculiar impression upon the liver, it is well to follow with a more certain cathartic.

BLUE MASS. COLOCYNTH, HYOS. & PO-
DOPHYLLIN (H. Marion Sims, M.D.) 50 2 85

| | |
|------------------------|------------|
| Massa Hydrarg., | 4 grs. |
| Ext. Colocynth. Comp., | 1 1-2 grs. |
| Ext. Hyoscyami, | 1-2 gr. |
| Res. Podophylli, | 1-12 gr. |

BLUE MASS COMPOUND 45 2 10

| | |
|-----------------|---------|
| Massa Hydrarg., | 1 gr. |
| Pulv. Opil., | 1-2 gr. |
| Pulv. Ipecac., | 1-4 gr. |

A mercurial alterative, the opium preventing the action of the mercury on the bowels. Dose, 1 to 3 pills a day.

BLUE MASS & IRON..... 35 1 60

| | |
|----------------------|--------|
| Massa Hydrarg., | 2 grs. |
| Ferri Sulph. Exsic., | 1 gr. |

BROWN MIXTURE... See Ammon. Mur. Co.

CAFFEINE, CITRATE.....1 gr. 40 1 85

Valuable in certain cardiac affections. In some forms of heart disease the administration of caffeine will frequently relieve the symptoms where digitalis fails. Recent researches show caffeine to have a directly stimulating action on the kidneys. Its diuretic effect is very marked.

Pills, G. C., McK. & R.'s—Cont'd.

CAFFEINE & PHENACETINE..... See Phenacetine & Caffeine.

CALCIUM, SALICYLATE..... 1 gr. 80 3 85

CALCIUM, SULPHIDE (Calx Sulphurata)
1-20, 1-10, 1-8, 1-4, 1-2, 1, 1 1-2 grs. 30 1 35

CALCIUM, SULPHIDE (Calx Sulphurata)
2, 2 1-2, 3 grs. 40 1 85

This pill has been used with great success in scrofula, glandular enlargements, &c. Dose, in certain cases 1-10 grain may be given every hour, or 1-4 to 1 grain twice a day.

CALCIUM, SULPHIDE, COMPOUND..... 50 2 35

{ Calx Sulph., 1-20 gr. }
{ Ext. Taraxac., 1 gr. }

CALOMEL..... 1-20, 1-10, 1-4, 1-2, 1, 2, 3 grs. 25 1 10

CALOMEL..... 5 grs. 35 1 60

Late researches show this drug to possess powerful diuretic properties.

CALOMEL, COLOCYNTH & HYOSCYAMUS. 45 2 10

{ Hydrarg. Chlor. Mite, 1 gr. }
{ Ext. Colocynth. Co., 3 grs. }
{ Ext. Hyoscyami, 1 gr. }

CALOMEL COMPOUND, U. S...... 30 1 35

{ Antim. Sulphuratum, 1-2 gr. }
{ Hydrarg. Chlor. Mite, 1-2 gr. }
{ Resina Guaiaci, 1 gr. }

Pil. antimoni composite of the U. S. P., well adapted to the treatment of chronic rheumatism and of acaly and other eruptive diseases of the skin, especially when accompanied with syphilitic taint. One or two pills may be given morning and evening.

CALOMEL COMP., B. P. (Plummer's) 5 grs. 45 2 10

{ Hydrarg. Chlor. Mite, 1 1-8 grs. }
{ Antim. Sulph., 1 1-8 grs. }
{ Pulv. Res. Guaiaci, 2 1-4 grs. }
{ Ol. Ricini, 1-2 gr. }

CALOMEL & COMP. EXT. COLOCYNTH..... 45 2 10

{ Hydrarg. Chlor. Mite, 1 gr. }

{ Hydrarg. Chlor. Mite, 1-4 gr. }
{ Pulv. Opii, 1-16 gr. }

CALOMEL & PIPERINE..... See Piperine Co.

CALOMEL & PODOPHYLLIN..... 50 2 35

{ Hydrarg. Chlor. Mite, 1 1-8 gr. }
{ Res. Podophylli, 1 3-4 gr. }

CAMPBOR & HYOSCYAMUS..... 30 1 35

{ Camphora, 1 gr. }
{ Ext. Hyoscyami, 1 gr. }

Anti-spasmodic; generally useful in those states of the system where there is derangement of the nervous functions. Dose, 1 or 2.

CAMPBOR, HYOSCYAMUS & VALERIAN..... 40 1 85

{ Camphora, 1 gr. }
{ Ext. Hyoscyami Ale., 1 gr. }
{ Ext. Valeriane, 1-2 gr. }

Nervine, see above. Dose, 1 or 2.

CAMPBOR, MONO-BROMATED..... 1 gr. 35 1 60

CAMPBOR, MONO-BROMATED..... 2 grs. 65 3 10

CAMPBOR, MONO-BROMATED..... 3 grs. 85 4 10

CAMPBOR, MONO-BROMATED..... 5 grs. 1 20 5 85

Is now being considerably used in treatment of Spasmodic rheumatism; strongly recommended in cases of Cerebral Anæmia; used successfully in infantile Convulsions from teething; Hysteria, Headache from over-study or nervousness and Nymphomania. Has also been employed with success in cases of chronic Insomnia. (Dose, 2 to 15 grs.)

CAMPBOR, OPIUM & HYOSCYAMUS..... 40 1 85

{ Camphora, 1 gr. }
{ Pulv. Opii, 1-3 gr. }
{ Ext. Hyoscy., 1 gr. }

CANNABIN, Tannate, bots. 25 pills..... 1 gr. 50 00

CANNABIS INDICA EXTRACT..... 1-8 gr. 35 1 60

CANNABIS INDICA EXTRACT..... 1-4 gr. 35 1 60

Pills, G. C., McK. & R.'s—Cont'd.

CANNABIS INDICA EXTRACT..... 1-2 gr. 55 2 80

The usefulness of this preparation has been greatly limited by the varying character of the extracts found in the market. Our extract is tested therapeutically before it is sent out, so that the Profession can depend upon its action with almost as great a certainty as they can on that of Morphine. "In morbid states of the system, it (Ext. Cannab. Indic.) has been found to cause sleep, to allay spasms, to compose nervous inquietude and to relieve pain. It has been specially recommended in neuralgia, gout, rheumatism, tetanus, convulsions, hysteria, mental depression, and delirium tremens." Dose 1-8 to 1-2 gr., repeated in three or four hours and increased if necessary. This drug has also been recommended in dysentery and diarrhoea. In cases of dysmenorrhoea, Cannabis Indica has also been found useful.

CANNAB. INDICA, HYOSCYAMUS & QUININE COMP. No. 1..... 90 4 45

{ Ext. Cannab. Ind., 1-6 gr. }
{ Ext. Nucis Vom., 1-8 gr. }
{ Ext. Hyos. Alc., 1-2 gr. }
{ Camphora, 1 gr. }
{ Quinine Muriat., 1 1-2 grs. }

CANNAB. INDICA, HYOSCYAMUS & QUININE COMP. No. 2..... 1 00 4 85

{ Ext. Cannab. Ind., 1-6 gr. }
{ Ext. Nucis Vom., 1-8 gr. }
{ Ext. Hyos. Alc., 1 gr. }
{ Creasote Beechwood, 1 m. }
{ Quinine Sulph., 2 grs. }

CAPSICUM..... 1 gr. 35 1 60

CAPSICUM & HYOSCYAMUS..... 50 2 35

{ Pulv. Capsici, 1 1-2 grs. }
{ Ext. Hyoscyami, aq., 2 1-2 grs. }

A useful adjunct in the treatment of diplopia.

CASCARA SAGRADA EXTRACT..... 1 gr. 30 1 35

CASCARA SAGRADA EXTRACT..... 2 grs. 40 1 85

CASCARA SAGRADA EXTRACT..... 3 grs. 50 2 35

This drug will be found of value as a general laxative and cathartic.

CASCARA SAGRADA AND NUX VOMICA..... 60 2 85

{ Ext. Cascarae Sagrae, 2 grs. }
{ Ext. Nucis Vomicae, 1-6 gr. }

CASCARA SAGRADA, NUX VOMICA AND EXT. BELLADONNA..... 60 2 85

{ Ext. Cascarae Sagrae, 2 grs. }
{ Ext. Nucis Vomicae, 1-6 gr. }
{ Ext. Belladonnae, 1-16 gr. }

CASCARA SAGRADA & STRYCHNINE..... 60 2 85

{ Ext. Cascarae Sagrae, 2 grs. }
{ Strychnina, 1-60 gr. }

CATHARTIC COMP., U. S. 1870..... 25 1 10

{ Pulv. Ext. Coloc. Comp. U.S., 1 1-3 grs. }
{ Pulv. Ext. Jalapæ, 2 grs. }
{ Hydrarg. Chlor. Mite, 1 gr. }
{ Pulv. Cambogis, 1-4 gr. }

The extract of colocynth, from pulp, and extract jalap are made in our own laboratory. One of these pills will be generally found to act as a laxative, and two of them with certainty as a cathartic. May be employed in most instances where a brisk cathartic is required; but is particularly applicable to the early stages of bilious fevers, to hepatitis, jaundice and all those derangements of the alimentary canal, or of the general health, which depend on congestion of the portal circle.

CATHARTIC COMP., U. S. 1870..... 1-2 gr. 25 1 10

Formula same as above, but the smaller size of the pill makes it valuable as a laxative in certain cases.

CATHARTIC COMPOUND, IMPROVED..... 25 1 10

{ Pulv. Ext. Coloc. Comp., 1 gr. }
{ Pulv. Jalapæ, 1-2 " }
{ Res. Podophylli, 1-4 " }
{ Res. Lepisandriæ, 1-8 " }
{ Ext. Hyoscyami, 1-4 " }
{ Ext. Taraxaci, 1-4 " }
{ Ol. Menth. Pip. }

CATHARTIC, SCOTCH..... 40 1 85

{ Pulv. Aloe Barb., 1 1-4 gr. }
{ Pulv. Cambogis, 1 1-4 gr. }
{ Ol. Anisi, 1 1-6 gr. }
{ Mel. Alb., q.s. }

CATHARTIC, SPECIAL..... Laxative Special.

| | Bottles 100pills | Bottles 500pills |
|---|---------------------|---------------------|
| COCA EXTRACT | 1 gr. 40 | 1 85 |
| COCA EXTRACT | 2 grs. 50 | 2 35 |
| COCA EXTRACT | 3 grs. 60 | 2 85 |
| These pills are prepared from our own solid extract, each lot of which is assayed. A pound of our solid extract contains about 120 grains of the alkaloid, cocaine, and our fluid extract about one-fourth as much, or about 30 grains. The pills have a tonic effect and may be used successfully to overcome the opium habit. | | |
| COCAINE. MURIATE | 1-20 gr. 45 | 2 10 |
| COCAINE. MURIATE | 1-10 gr. 65 | 3 10 |
| COCAINE. MURIATE | 1-8 gr. 65 | 3 10 |
| COCAINE. MURIATE | 1-4 gr. 1 00 | 4 85 |
| In a recent report, Prof. V. G. Lashkevitch has obtained good results from the use of cocaine internally. It does not cut short the paroxysms, but after two or three days' use the attacks gradually decrease in strength and duration, and then disappear altogether. As to general effects, the alkaloid retards the pulse and increases its volume, as well as the quantity of urine. Drs. Da Costa and Penrose found cocaine to have marked diuretic effects, and they suggest its value in cases of weak heart with dropsy, and in uremia with scanty secretion of urine. | | |
| CODEINE | 1-16 gr. 50 | 2 35 |

| ERGOTIN (Each pill equals 30 grains Ergot of Rye)3 grs.1 20 5 85 | | |

Pills, G. C., McK. & R.'s—Cont'd.

ERGOTIN (Each pill equals 50 grains Ergot of Rye) 5 grs. 1 60 7 85

We manufacture our Ergotin with great care from the best quality of fresh, selected Ergot, and it contains in the most potent form all the active constituents of Ergot of Rye, each grain representing 10 grs. Ergot, and each 3 gr. pill being equal to half a teaspoonful of official fluid extract. The value of Ergotin, in the place of the crude drug and the Fluid Preparations, is conceded; and it is being largely administered both in this country and in Europe. It has taken a prominent place in the treatment of Neurotic diseases. Many of our most reliable practitioners, and particularly those of extended experience in gynecology, assert that they have never found a preparation of Ergot, in which, by experience, they felt as much confidence as in McKesson & Robbins' Ergotin Pills. The advantages of prescribing it in this form are obvious. (Dose, 2 to 10 grs.)

WE OFFER OUR ERGOTIN, PREPARED SPECIALLY FOR HYPEREMIC USE, IN ONE OUNCES BOTTLES. SPECIFY MCK. & R.'S FOR HYPEREMIC USE, AS WE MANUFACTURE ALSO AN ERGOTIN AFTER BONJEAN'S FORMULA.

ERGOTIN & ALOIN 90 4 35

{ Ergotin Purif., 1 gr. }
{ Aloin, 1-5 gr. }

ERGOTIN & CANNABIS INDICA, No. 1 90 4 35

{ Ergotin Purif., 1 gr. }
{ Ext. Cannabis Indic., 1-2 gr. }

Where a continued treatment with Ergot is necessary, the addition of Cannabis Indica is frequently preferred, and many physicians, who have employed this combination for sleepless cases of mania, hemiparesis, and congestive nervous conditions that follow uterine disorders of women, give the quality of the Extracts a very satisfactory mention. Dose, 1 pill. (See note on Cannabis Indica).

ERGOTIN & CANNABIS IND. (Half Strength) 50 2 35

{ Ergotin Purif., 1-2 gr. }
{ Ext. Cannabis Ind., 1-4 gr. }

ERGOTIN & CANNABIS INDICA, No. 3 50 2 35

{ Ergotin Purif., 1-2 gr. }
{ Ext. Cannabis Ind., 1-8 gr. }

ERGOTIN COMPOUND 1 20 5 85

{ Ergotin Purif., 3 grs. }
{ Ext. Cannabis Ind., 1-4 gr. }
{ Stramonium, 1-60 gr. }

EUCALYPTUS EXTRACT 2 grs. 40 1 85

May be given in all cases of ulcer of the stomach or bowels, in septicæmia, typhoid fever, scarlatina, pulmonary gangrene, febrile bronchitis, etc. Has also been extensively used as a remedy in intermittent fever.

EUONYMIN 2 grs. 1 50 7 35

EUONYMIN 3 grs. 2 00 9 85

EUONYMIN COMPOUND 1 50 7 35

{ Euonymin, Ext. Nucis, aa, 1 gr. }
{ Ext. Hyoscyami, 1 gr. }
{ Ext. Nucis Vom., 1 8 gr. Aloin, 1-4 gr. }

EXALGINE 2 grs. 1 50 7 35

EXALGINE 3 grs. 2 00 9 85

One of the most valuable, if not the most valuable analgesic we possess. Can be used in every form of pain without unpleasant symptoms, such as rash, cyanosis, etc. It is indicated in neuralgia, headache, rheumatism, toothache, etc., for which it has been employed by Dujardin-Beaumets, Bardet, Petersen, Fraser, Gaudineau, and many others. Dose, 2 or 3 grains, repeated to 20 grains a day. A convenient liquid form of administration is that of Cordial Exalgineque.

EXALGINE AND QUININE COMP. 2 00 9 85

{ Exalgine, Quinine Sulph., aa, 2 grs. }
{ Ext. Aspidiot., 1-12 gr. }
{ Pulv. Doveri, 1-2 gr. }

EXPECTORANT 75 3 60

{ Pulv. Scilla, 1-2 gr. }
{ Pulv. Digitalis, 1-4 gr. }
{ Pulv. Ipecac., 1-4 gr. }
{ Ext. Lactucæ, 1 gr. }

{ Pulv. Galbani, 3-5 gr. }
{ Asafetida purif., 3-5 gr. }
{ Pulv. Myrrina, 3-5 gr. }
{ Ferri Sulph. Exsic., 3-5 gr. }
{ Tr. Canthar., 3-5 gr. }

GALBANUM COMPOUND, B. P. 35 1 60

{ Pulv. Galbani, 3-5 gr. }
{ Asafetida purif., aa, 1-4 gr. }

GELSEMININE Sulphate 1-60 gr. 1 00

GELSEMIUM EXTRACT 1 gr. 40 1 85

A nervous and arterial stimulant; has been used with success in intermittent fever which obstinately returned after suspension under quinine.

GOLD, CHLORIDE 1-30 gr. 75 3 60

GOLD, CHLORIDE, & SODIUM 1-20 gr. 75 3 00

GOLD, CHLORIDE, & VALER.
ZINC COMP. (Seguin) 1 50 7 35

{ Auri. et Sodii Chlor., 1-30 gr. }
{ Ext. Nucis Vom., 1-8 gr. }
{ Zinci Valer., 3 grs. }

This pill will be found of value in the treatment of nervous disorders. Dr. E. C. Seguin employs it in the treatment of hysteria and allied conditions.

GONORRHEA 45 2 10

{ Pulv. Cubebe, 2 grs. }
{ Massa Copaiba, 1 gr. }
{ Ferri Sulph. Exsic., 1-2 gr. }
{ Terebinth., Venet., 1 1-2 gr. }

GRAY POWDER (See Mercury with Chalk).
GRINDELIA ROBUSTA EXTRACT 3 grs. 50 2 35

The Solid Extract is of our manufacture and ten times the strength of the Herb; it can be used much more readily and with better effect than any of the liquid preparations. The use of this remedy in Hay Fever, and a Asthmatic difficulties, has increased largely in the Eastern States and Europe. Dose, 1 to 3.

GUAIAIC 3 grs. 45 2 10

Guaiaic has emmenagogue properties. In obscure cases of amenorrhœa, two or three pills may be given every morning before breakfast. Recommended by Professor Cleland and S. James Sawyer.

GUAIACOL 1-2 gr. 60 2 85

GUAIACOL 1 gr. 80 3 85

The active principle of wood creosote and superior to that substance in being of a definite consistence, and devoid of any tendency to cause nausea. It is employed in phthisis, and has also given good results in diabetes. Dose, one-half grain three times a day, gradually increased up to the limit of tolerance.

GUARANA EXTRACT (Paulinia) 3 grs. 1 50 7 35

This Solid Extract is manufactured in our laboratory, and is eight times the average strength of the drug. We offer these Gelatine-Coated Pills with confidence in their being the only accurate mode of preparing this widely used and much appreciated remedy, as the drug varies so much in strength; some preparations in the market have been found to consist largely of impurities. Dose, 2 to 3 pills, repeated if necessary.

WEIM'S 80 3 85

{ Quinine Sulphas, 1 gr. }
{ Pulv. Digitalis, 1-2 gr. }
{ Pulv. Ipecac., 1-4 gr. }
{ Pulv. Opil., 1-4 gr. }

Dose, 1 or 2 pills.

HELLEBORE, BLACK, EXTRACT 1 gr. 40 1 85

| IRON BY HYDROGEN (Quevenne's) | 1 gr. | 25 | 1 10 |
|--|-------|----|------|

| | | | |
|--|-----------|----|------|
| IRON BY HYDROGEN (Quevenne's) | 2, 4 grs. | 40 | 1 85 |
|--|-----------|----|------|

The black, reduced iron generally found in market is not fully deoxidized; its properties appear to be those of an astringent rather than tonic, and it does not take the place of Quevenne's iron or the true Ferrum reductum of the U. S. Pharm., which is of an iron gray color. We import Rundspaden's iron, which is used in these pills; the color may be seen upon cutting one of them open. Tonic, and peculiarly well fitted to improve the quality of the blood when impoverished from any cause. Useful in diseases characterized by debility. Usually employed in chronic anemia or chlorosis, hysteria, scrofula, passive hemorrhages, neuralgia, and dyspepsia when dependent on deficient energy of the digestive function. Contra-indicated in all inflammatory diseases. Dose, 3 to 6 grains three or more times a day, best administered just before or after eating.

| 1-16, 1-8, 1 cent. ; 1-5, 1-4, 1-3, 1-2 gr. | | |
| We now obtain this salt absolutely pure, free from the red iodide or metallic mercury ; and in a perfectly impalpable powder. The advantages of this are apparent to every physician. The irritation of the stomach so frequently caused by the ordinary salt is no doubt due to impurity, such as red iodide, and is not observed in the use of our proto-iodide. We will furnish samples of the granules or of the salt on application. Useful in scrofula and scrofulous syphilis. Should never be given at the same time with Iodide of Potassium, which converts it into Bin-iodide. Dose, 1-20 to 1-2 gr. Caution! Specify McK. & R. | | |
| MERCURY, SALICYLATE | 1 gr. | 80 3 85 |
| MERCURY, TANNATE | 1 gr. | 60 2 85 |
| Tannate of mercury consists of about 50 per cent. mercury. This pill, it is stated, can be given for a long time without disturbing the system. It is used in syphilis in doses of one or two grains three times a day one hour before meals. | | |
| MERCURY with CHALK | 1-4, 1 gr. | 35 1 60 |
| MERCURY with CHALK, No. 1, (Hutchinson). | 35 | 1 60 |
| { Hydrarg. cum creta, 1 gr. } { Confect. Rosæ, q. s. } | | |
| The use of this drug is spoken of by Dr. Jonathan Hutchinson in his article on the "Abortive Treatment of Syphilis." He recommends small doses frequently repeated: one one-grain pill three or more times a day for six months or more. | | |
| MERCURY with CHALK, No. 2, (Hutchinson). | 50 | 2 35 |

Pills, G. C., McK. & R's.—Cont'd.

PHOSPHATES IRON, QUININE & STRYCH. 65 3 10

{ Ferri Phosphas, 2 grs.
{ Quinine Phosphas, 1 gr.
{ Strychnine Phosphas, 1-60 gr. }

Each pill represents an equivalent of about two teaspoonfuls of Ellixir, and is a preferable form, in being much more agreeable to take and not objectionable to the weakest stomach, when Syrup or Ellixir is rejected. As a tonic, this pill is deservedly popular. We also offer Iron, Quinine and Strychnine pills, the Iron being in the form of Quevenne's, or reduced by hydrogen.

PHOSPHATE, IRON & STRYCH. See Iron.

PHOSPHIDE ZINC See Zinc, Phosphide.

PHOSPHIDE ZINC & N. VOM. Zinc, Phos.

PHOSPHORUS 1-200, 1-120, 1-100, 1-60, 1-50, 1-30, 1-20, 1-12 gr. 25 1 10

The Phosphorus in our pills is always presented in the free state, and perfectly sub-divided, thus insuring safety and absence of any cause of irritation to the stomach.

Dose, from 1-100 to 1-30 gr. twice or three times a day. Many of the Phosphorus combinations given here are formulae used by Dr. Kirby, of the Royal College of Surgeons, England, and many of the notes are taken from his work.

NOTE.—In most cases phosphorus and its compounds should be administered with food.

PHOSPHORUS & EXTRACT ACONITE 25 1 10

{ Phosphorus, 1-50 gr.
{ Ext. Aconiti Alc., 1-16 gr. }

Dose, one pill every four hours.

PHOSPHORUS & EXT. CANNABIS INDICA 40 1 85

{ Phosphorus, 1-50 gr.
{ Ext. Cannab. Ind., 1-4 gr. }

A good narcotic, in cases where Morphine should not be administered; and recommended as an aphrodisiac in the place of Nux Vomica.

PHOSPHORUS COMPOUND, No. 1 25 1 10

{ Phosphorus, 1-100 gr.
{ Ext. Nucis Vomicae, 1-4 gr. }

PHOSPHORUS COMPOUND, No. 2 25 1 10

{ Phosphorus, 1-80 gr.
{ Ext. Nucis Vomicae, 1-4 gr. }

PHOSPHORUS COMPOUND, No. 3 25 1 10

{ Phosphorus, 1-50 gr.
{ Ext. Nucis Vomicae, 1-8 gr. }

PHOSPHORUS COMPOUND, No. 4 25 1 10

{ Phosphorus, 1-50 gr.
{ Ext. Nucis Vom., 1-4 gr. }

These four compounds of Phosphorus may be given in doses of 1 or 2 pills, three times a day, after meals. A nutritive tonic and stimulant to the nervous system, especially adapted to the treatment of nervous disorders dependent on defective nutrition.

PHOSPHORUS & IRON 40 1 85

{ Phosphorus, 1-50 gr.
{ Ferrum Reduct., 2 grs. }

PHOSPHORUS & NUX VOMICA Phos. Co.

PHOSPHORUS & QUININE 50 2 35

{ Phosphorus, 1-50 gr.
{ Quinine Sulph., 1 gr. }

PHOSPHORUS & STRYCHNINE 50 2 35

{ Phosphorus, 1-50 gr.
{ Strychnina, 1-60 gr. }

See Phos. Comp. Dose, 1 or 2, twice a day with food.

PHOSPHORUS & VALERIANATE ZINC 60 2 85

{ Phosphorus, 1-50 gr.
{ Zinc Valerianae, 1 gr. }

PHOSPHORUS COMPOUND & IRON 30 1 35

{ Phosphorus, 1-100 gr.
{ Ferri Phosphas, 1-2 gr. }

{ Ext. Nucis Vomicae, 1-8 gr. }

PHOSPHORUS, DIGITALIS & EXT. HYOS. 50 2 35

{ Phosphorus, 1-50 gr.
{ Pulv. Digitalis, 1 gr. }

{ Ext. Hyoscyami, 1 gr. }

Pronounced a valuable medicine as a heart tonic. The tonic effect of Digitalis on the voluntary muscular fibre is claimed to be analogous to that of Strychnine on the involuntary muscular system. Dose, 1 pill two or three times a day, at equal intervals, which should be omitted when effect is produced upon the head, stomach, pulse, or kidneys. Caution should be used in administering these pills, and they should only be taken when and as prescribed by a physician.

Pills, G. C., McK. & R's.—Cont'd.

PHOSPHORUS & DIGITALIS COMPOUND 40 1 85

{ Phosphorus, 1-50 gr.
{ Pulv. Ipecac., 1-4 gr.
{ Pulv. Opil., 1-4 gr.
{ Pulv. Digitalis, 1-2 gr. }

PHOS. EXT. N. VOM. &c. Phos. Co. & Iron.

PHOS. EXT. NUX VOM. & CARB. IRON 55 2 60

{ Phosphorus, 1-50 gr.
{ Ext. Nucis Vomicae, 1-4 gr.
{ Ferri Carb., 1 gr. }

Dose, one or two pills at each meal with food.

PHOS. EXT. NUX VOMICA & EXT. ALOES. 55 2 60

{ Phosphorus, 1-50 gr.
{ Ext. Nucis Vomicae, 1-4 gr.
{ Ext. Aloes Soc., 1-2 gr. }

A good dinner pill, useful in atonic dyspepsia, hypochondria and other nervous affections accompanied by habitual constipation. When, in administering, for some time, Phosphorus and Iron or Phosphorus and Quinine, constipation is induced, this pill may be substituted with advantage once a day between doses. Dose, one immediately after dinner.

PHOSPHORUS, N. VOM. & CANTHARIDES. 45 2 10

{ Phosphorus, 1-50 gr.
{ Pulv. Nucis Vomicae, 1 gr.
{ Tinct. Canthar. Conc., 1 minim. }

Recommended as a gentle stimulant to the genito-urinary organs, a useful remedy in incontinence and retention of urine, and in premature loss of sexual power. Also successfully prescribed in some cases of amenorrhoea and leucorrhoea. Dose, one or two pills two or three times a day with food.

PHOSPHORUS, IRON & ALOES 55 2 60

{ Phosphorus, 1-50 gr.
{ Ferri Sulph. Exsicc., 1-2 gr.
{ Ext. Aloes Soc., 1 gr. }

A valuable tonic and laxative.

PHOSPHORUS, IRON & QUININE 55 2 60

{ Phosphorus, 1-100 gr.
{ Ferri Carb. (Vallet's), 1 gr.
{ Quinine Sulph., 1 gr. }

PHOSPHORUS, IRON, QUININE & N. VOM. 60 2 85

{ Phosphorus, 1-100 gr.
{ Ferri Carb. (Vallet's), 1 gr.
{ Quinine Sulph., 1 gr.
{ Ext. Nucis Vomicae, 1-2 gr. }

PHOSPHORUS, MORPHINE & VAL. ZINC 1 00 4 85

{ Phosphorus, 1-50 gr.
{ Morphine Sulph., 1-18 gr.
{ Zinc Valerianae, 1 gr. }

Recommended as a quieting influence in Phthisis when there is a hysterical irritability and hacking cough without much fever. Dose, one pill two or three times daily, or two upon going to bed.

PHOS. QUIN. & N. VOM. Qu., Ph. & N. V.

PHOSPHORUS, QUININE, IRON & STRYCH. 70 3 35

{ Phosphorus, 1-100 gr.
{ Quinine Sulph., 1 gr.
{ Ferrum Reduct., 1 gr.
{ Strychnina, 1-60 gr. }

By some preferred to pills of Phosphates Iron, Quinine and Strychnine.

PHOSPHORUS, SULPH. ZINC & LUPULIN 55 2 60

{ Phosphorus, 1-50 gr.
{ Zinc Sulphas, 1 gr.
{ Lupulinum, 1 gr. }

Very useful in diseases peculiar to women—uterine disturbances, torpidity of function, with leucorrhoea, dysmenorrhoea and hysteria. Also in melancholia and other mental derangements occurring on the appearance and cessation of the menses. Dose, 1 or 2, three times a day. In epilepsy and chorea 3 pills may be given three times a day.

PHYSOSTIGMINE, SALICYLATE 1-100 gr. 80 3 85

PICTOIXIN 1-80 gr. 45 2 10

Useful in night sweats of phthisis. Dose, gr. 1-80 at bedtime, which dose may be repeated once or twice during the day in obstinate cases.

PILOCARPINE, HYDROCHLORATE, 1-60 gr. 1 25 6 10

PILOCARPINE, HYDROCHLORATE, 1-30 gr. 1 75 8 60

PILOCARPINE, HYDROCHLORATE, 1-8 gr. 3 75 18 60

Employed with success in acute affections of the respiratory organs. Dose, one or two 1-8 grain granules, never on an empty stomach. As a galactagogue, larger doses may be given, but always short of the production of diaphoresis.

Pills, G. C., McK. & R.'s—Cont'd.

|----------------------|----------|------|
| SALICIN | 1 gr. 40 | 1 85 |
|----------------------|----------|------|

| | | |
|----------------------|-------------|------|
| SALICIN | 1-2 grs. 70 | 3 35 |
|----------------------|-------------|------|

| | | |
|----------------------|-----------|------|
| SALICIN | 5 grs. 10 | 5 35 |
|----------------------|-----------|------|

Valuable in Rheumatic affections, also as a Tonic Astringent, and Anti-Periodic, and is best exhibited in our Gelatine-Coated Pills. Salicin has been found very efficacious in acute Rheumatism. In large doses, it has been claimed to be an absolute specific in Cornitis (suppurative).

| | | |
|-----------------------------|----------|------|
| SALICYLIC ACID | 1 gr. 30 | 1 35 |
|-----------------------------|----------|------|

| | | |
|-----------------------------|---------------|------|
| SALICYLIC ACID | 2 1-2 grs. 40 | 1 85 |
|-----------------------------|---------------|------|

| | | |
|-----------------------------|-----------|------|
| SALICYLIC ACID | 5 grs. 70 | 3 35 |
|-----------------------------|-----------|------|

Our pills present the best form for administering this now very important remedy, which has proved so efficacious in Rheumatism, and which is also extensively used as an Antiseptic and Febrifuge. It is claimed that the solutions, formed by the use of Sodium, Ammonium and other salts, produce combinations which do not represent the full value of the free Acid.

| | | |
|--|----|------|
| SALICYLIC ACID with MORPHINE, No. 1 ... | 70 | 3 35 |
|--|----|------|

| | | |
|-----------------------------------|--|--|
| { Acid. Salicylicum, 2 1-2 grs. } | | |
| { Morphine Sulphas, 1-12 gr. } | | |

| | | |
|------------------------------|------------|------|
| SILVER, NITRATE | 1-4 gr. 40 | 1 85 |
|------------------------------|------------|------|

Erb (Diseases of the Spinal Cord) recommends from 1-4 to 1-3 gr. three times a day, or from 1 to 1-5 gr. per diem, until 150 or 160 grs. have been consumed. He says: "Among the INTERNAL REMEDIES for tabes, nitrate of silver undoubtedly stands first, as it can show quite undoubted results." He prescribes 1-4 or 1-3 gr.

Pills, G. C., McK. & R.'s—Cont'd.

| | Bottles 100 pills | Bottles 500 pills |
|--------------------------------|----------------------|----------------------|
| SILVER, NITRATE, & OPIUM | 1 00 | 4 85 |

| SPARTEINE, SULPHATE | 1-4 gr. | 1 60 | 7 85 |
|---------------------------|---------|------|------|

The value of this drug in heart troubles seems to be well attested. Dose, one pill three times a day, gradually increased, according to the case.

Dr. Oscar Jennings says, "Given at the right moment, and in suitable doses, sparteine and nitro-glycerin, either separately or together, form an admirable means of relieving the morphia craving, in those habituated to the drug."

| | | |
|-----------------------------|----|------|
| SQUILL COMPOUND, U. S. | 30 | 1 35 |

|---------------------|---------------------------|----|----|

Pills, G. C., McK. & R.'s—Cont'd.

| | | | |
|----------------------|--------|----|------|
| TERPIN HYDRATE | 2 grs. | 40 | 1 85 |
|----------------------|--------|----|------|

Terpin hydrate is obtained from turpentine, and has the general properties of the terebinthinals. It will be found useful in restraining the cough and secretion of bronchitis, in some cases of phthisis, and in hæmoptysis. It has, also, an action on the kidneys. Dose: Germain Sée and others have given as high as 10 to 15 grains; the best method of exhibiting the remedy, however, is two grains every three or four hours.

| | | | |
|-----------------------------|------------|------|------|
| THYMOL, (Thymic Acid) | 2 1-2 grs. | 1 00 | 4 85 |
|-----------------------------|------------|------|------|

Thymol has been used as a tæniacide and in cases of intestinal disease, catarrh, and typhoid fever. Dose, two 2 1-2 grain pills every six hours; much larger doses have been given, without bad results, but it is not often necessary to exceed twenty grains a day.

| | | |

| | | | |
|---------------------|---------|----|------|
| WOOD CREASOTE | 1-2 gr. | 40 | 1 85 |
|---------------------|---------|----|------|

| | | | |
|---------------------|-------|----|------|
| WOOD CREASOTE | 1 gr. | 50 | 2 35 |
|---------------------|-------|----|------|

| | | | |
|---------------------|--------|----|------|
| WOOD CREASOTE | 2 grs. | 60 | 2 85 |
|---------------------|--------|----|------|

This form of creasote, which differs in a marked manner from carbolic acid or coal tar creasote, has been used in phthisis with good results by several observers. Among these may be mentioned Unna, Sahli, Solts-Cohen, and Lublinsky. It is best administered in pill form. Dose, always after meals, one-half to one grain three times a day. The medicine should be given for considerable time, and the dose may be gradually increased if necessary.

This drug will also be found of great value in the treatment of bronchitis, catarrh and other similar affections. See Guaiacal.

| | | | |
|-------------------|------------|----|------|
| ZINC, OXIDE | 1-2, 1 gr. | 35 | 1 60 |
|-------------------|------------|----|------|

| | | | |
|-------------------|--------|----|------|
| ZINC, OXIDE | 2 grs. | 40 | 1 85 |
|-------------------|--------|----|------|

Tonic, anti-spasmodic and astringent. Has been given in chorea, epilepsy, whooping-cough, spasm of the stomach dependent on dyspepsia, etc., and in the diarrhoea of infants.

| | | | |
|-----------------------|--------------|----|------|
| ZINC, PHOSPHIDE | 1-6, 1-4 gr. | 45 | 2 10 |
|-----------------------|--------------|----|------|

| | | | |
|-----------------------|---------|----|------|
| ZINC, PHOSPHIDE | 1-2 gr. | 60 | 2 85 |
|-----------------------|---------|----|------|

Has been very successfully used by prominent authorities on treatment of brain diseases, also with remarkable results in severe cases of Neuralgia. See paper by Dr. Adolphus, which states that Phosphide of Zinc is more prompt and reliable in its action than free Phosphorus.

| Pills, G. C., McK. & R.'s—Cont'd. | Bottles 100pills | Bottles 500pills |

| ZINC, VALERIANATE | 1 gr. 45 | 2 10 |
| ZINC, VALERIANATE | 2 grs. 60 | 2 85 |
| Anti-spasmodic. Considered a remedy in neuralgic affections. Has been used with success in nervous diseases attended with palpitation of the heart, constriction of the throat and pain in the head. Useful in epilepsy, and in the nervous affections which accompany chlorosis. Dose, 1 to 3 grains, several times a day. | | |

PILLS AND GRANULES, GELATINE-COATED, Of Rare and Expensive Alkaloids.

For the convenience of the Medical Profession, these Granules are put in bottles of 25 and 100 each. For other formulas, in bottles of 100 each, see foregoing pages.

| | Per 100 Pills. |
|--|----------------|
| CANNABIN. Tannate , bottles 25 pills..... | 1 gr. 5 00 |
| (Glucoside, from Cannabis Sativa). | |
| Recommended as a mild and agreeable hypnotic, especially in cases of nervous sleeplessness, where morphine, etc., could not be administered. It is considered to be superior to any preparation of opium, as it does not interfere with the digestive organs, or in any degree retard the motion of the bowels. Is particularly recommended to the notice of physicians in charge of hospitals for the insane. Dose, 1 to 3 pills. | |
| CHELIDONINE. Muriate , bottles 25 pills..... | 1 gr. 15 00 |
| (From Chelidonium Majus). | |
| A laxative, slightly diuretic. Unlike Chelerythrine, (from the same plant), it is not poisonous. Dose, 1 to 4 pills. | |
| COCAINE. Muriate , bottles, 25 granules, 1-20 gr. | 45 |
| COCAINE. Muriate , bottles, 25 granules, 1-10 gr. | 65 |
| COCAINE. Muriate , bottles, 25 granules, 1-8 gr. | 65 |
| COCAINE. Muriate , bottles, 25 granules, 1-4 gr. | 1 00 |
| Recommended in sleeplessness, vomiting of pregnancy, and for the cure of the "opium and chloral habits." | |
| COLCHICINE , bottles 25 granules..... | 1-60 gr. 60 |
| (Alkaloid from Colchicum autumnale). | |
| Drastic, diuretic. In gout and rheumatism. Dose, 1 to 3 granules. | |
| COLOCYNTHIN , bottles 25 granules..... | 1-8 gr. 1 40 |
| (Glucoside, from Citrullus Colocynthis). | |
| A very effective and painless purgative in large doses. As a laxative it may be given in doses of 1 to 5 granules. | |
| CONVALLAMARIN , bottles 25 granules..... | 1-100 gr. 1 60 |
| (Glucoside of Convallaria majalis: Lily of the Valley). | |
| DATURINE. Sulph. , bottles 25 granules..... | 1-100 gr. 60 |
| (From Datura Stramonium). | |
| Dose and effect similar to that of Atropine, Duboisine and Hyoscyamine. The slight differences in effect noticed between these four alkaloids is probably due to traces of other principles not yet studied. | |

| | Per 100 Pills. |
|--|----------------|
| GELSEMININE. Sul. , bottles 25 granules..... | 1-60 gr. 1 00 |
| (From Gelsemium sempervirens). | |
| Recommended in spasmodic and neuralgic affections, acting with very soothing effect on the dental nerves. It has also been employed with a measure of success in controlling cardiac palpitations. Dose, 1 to 3 granules. | |
| HELLEBOREIN , bottles 25 granules..... | 1-50 gr. 80 |
| (Glucoside, from Radix Helleborus). | |
| May be used as a cardiac stimulant instead of Digitalis. Dose, 1 granule. (See note on Digitaline). | |
| HYOSCYAMINE. Sul. , bots. 100 gran..... | 1-100 gr. 1 00 |
| HYOSCINE. Hydrobrom. , bots. 25 gran., 1-100 gr. | 1 50 |
| HYOSCINE. Hydrobrom. | 1-200 gr. 1 00 |
| MUSCARINE. Sul. , bottles 25 granules..... | 1-100 gr. 1 80 |
| Experiments with Muscarine have shown that it irritates the heart nerves, and acts on the organs of respiration. It also produces salivation and flowing of tears. Is antagonistic to Atropine. | |
| PHYSOSTIGMINE. Salicylate , bottles 25 granules..... | 1-100 gr. 80 |
| (Salicylate of Eserine—from Physostigma venenosum). | |
| Dose, 1 granule, very cautiously increased. | |
| PODOPHYLLOTOXIN , bottles 25 granules..... | 1-8 gr. 40 |
| (From Podophyllum peltatum). | |
| The active principle of the resin of podophyllum, or podophyllin. Purgative in atonic constipation, etc. Dose, 1 or 2 granules. | |
| SCILLITOXIN , bottles 25 granules..... | 1-300 gr. 60 |
| (From Scilla maritima). | |
| Dose, 1 granule, cautiously increased to 4 granules. | |
| SCLEROTIC ACID , bottles 25 pills..... | 1 gr. 2 00 |
| (From Ergota—also called sclerotinic acid). | |
| Dose, 1 to 4 grains. Oxytocic and hemostatic. | |
| Recommended in cases where hemorrhage occurs in tubercular disease of the lungs, one grain to be given every half hour or less frequently. It diminishes the excitability of the medullary centres, and lowers the blood pressure. | |

COCAINE. CITRATE. 1-15 gr. uncoated pellets for dentists' use, per doz. bottles of 10 pellets, 1.20 net.

Pills: Private Formulas of 3,000, or more, Made and Coated to Order.

Pills may be sent by mail in boxes, at an expense of about 2 cents per 100, and 10 cents per package, extra, if registered. We cannot be responsible for loss in the mails.

QUININE PILLS.

OUR PILLS OF SULPHATE AND BI-SULPHATE QUININE ARE NOW QUOTED AT NET PRICES AND NOT INCLUDED ON OUR REGULAR LIST OF PILLS AND GRANULES. THE REGULAR LIST OF PILLS OTHER THAN QUININE IS SUBJECT TO THE SAME DISCOUNT AS HERETOFORE.

| | Bots. 100 | Bots. 500 | Bots. 1,000 |
|--------------------------------------|--------------|--------------|----------------|
| QUININE, BI-SULPHATE1-10 gr. | 11 | 35 | 60 |
| QUININE, BI-SULPHATE1-4 gr. | 11 | 35 | 60 |
| QUININE, BI-SULPHATE1-2 gr. | 12 | 40 | 70 |
| QUININE, BI-SULPHATE1 gr. | 14 | 52 | 92 |
| QUININE, BI-SULPHATE1 1-2 grs. | 17 | 70 | 1 20 |
| QUININE, BI-SULPHATE2 grs. | 20 | 85 | 1 55 |
| QUININE, BI-SULPHATE3 grs. | 25 | 1 15 | 2 20 |
| QUININE, BI-SULPHATE4 grs. | 32 | 1 45 | 2 80 |
| QUININE, BI-SULPHATE5 grs. | 38 | 1 80 | 3 45 |

BI-SULPHATE OF QUININE IS MUCH MORE SOLUBLE THAN THE SULPHATE, THE LATTER REQUIRING SEVEN HUNDRED PARTS OF WATER TO DISOLVE IT, WHILE THE BI-SULPHATE DISSOLVES IN TEN PARTS. IN ORDERING, WE WOULD ADVISE PHYSICIANS TO SPECIFY BI-SULPHATE. McK. & R.'S BI-SULPHATE OF QUININE PILLS ARE MORE SOLUBLE AND MORE AS SIMILABLE THAN SULPHATE OF QUININE TAKEN IN POWDER.

The demand has largely increased, and experience has justified our further claim that on account of PROMPT ACTION and PERFECT SOLUBILITY, Bi-Sulphate of Quinine, although containing less of the Quinine Alkaloid, is MORE EFFICACIOUS, dose for dose, than Sulphate of Quinine. To be sure of the best results we must advise the profession in this, as in all other cases, to specify McK. & R. on their prescriptions.

| | Bots. 100 | Bots. 500 | Bots. 1,000 |

STEARAS COMPOSITUS.

The Compound Stearates, introduced recently to the leading Dermatologists of New York by McKesson & Robbins, are now presented to the Medical Profession at large, with confidence, as powders, which are remarkable for their anallergenic when applied to moist or protect diseased conditions of the skin and mucous membrane.

They are adhesive, and act as grateful vehicles in which drugs may be administered locally.

Desirable as adjuncts in insulations and antipruritic as dusting powders, they can be used to protect the surface of the skin, without soiling the clothing, and offer a very profitable field for therapeutic investigation, where the frequently random ointments and ointments, or the ordinary soluble and non-adhesive dusting and other powders for the skin and mucous membrane, are not desirable. For Pulverificators, used with the Stearates, see page 106.

McK. & R. GRANULATED PURIFIED SALTS, Etc.

| | |
|--|----------|
| Should always be used in prescriptions and fine counter trade, in preference to the usual commercial grades. | |
| Alum, Granulated, Purified, McK. & R., in 1 lb. tins | lb. 12 |
| " " 5 lb. packages | lb. 10 |
| Ammonium, Muriate, McK. & R., purified and granulated, in 1 lb. tins | lb. 20 |
| " " in 5 lb. packages | lb. 18 |
| Borax, Granulated, Purified | lb. 20 |
| " in 5 lb. packages | lb. 18 |
| Copper, Sulphate, McK. & R., purified and granulated, in 1 lb. tins | lb. 20 |
| " " 5 lb. packages | lb. 18 |
| Gum Aloes, Socotrine, McK. & R., purified | lb. 85 |
| We call special attention to our Purified Socotrine Aloes, which we consider a better form for general use than the powdered. | |
| Gum Arabic, first select, granulated, McK. & R., 1 lb. tins | lb. 1 00 |
| Gum Asafetida, McK. & R., purified. We do not advise the powdered form for this article, as the heat, necessarily used in powdering the best grades, affects the quality, while the grades which are easily powdered are deficient in strength. We recommend the use of our Purified Asafetida; 1 lb. cans | lb. 75 |
| Lead, Acetate, McK. & R., purified and granulated, in 1 lb. bottles | lb. 35 |
| " " 5 lb. packages | lb. 80 |
| Potassium, Acetate, Granular, Purified, in 1 lb. bottles, inclusive | lb. 75 |
| " Chlorate, McK. & R., purified and granulated, in 1 lb. tins | lb. 30 |
| " " 5 lb. packages | lb. 28 |
| Zinc, Sulphate, McK. & R., purified and granulated, in 1 lb. tins | lb. 20 |
| " " 5 lb. packages | lb. 18 |

McK. & R. POWDERED DRUGS.

It seems highly proper to classify powdered drugs among pharmaceutical preparations, because the selection and garbling of the crude drug and its reduction to a powdered form make a *preparation* of the powder, and as such it should carry the label of the producer as a guarantee of its purity, the same as a bottle of Quinine or Fluid Extract. We have recently adopted 1 lb. square tins as containers, and prices quoted below, which will be subject to market changes, include the cans, the increased cost for which is trifling. These cans are very slightly and make neat and attractive shelf packages.

Powdered Cinchona Barks and Powdered Opium will be labeled with their respective assays, and upon the labels of Powdered Ergot and Powdered Narcotic Leaves will be stated the year that the crudes were gathered.

Other powders than those here quoted will be furnished, of guaranteed purity, upon application. Our desire is to have the trade order the following powders in 1 lb. cans only, and on that account we have merely added the increased cost, figured down to the lowest basis.

All powders sent out by us, in cans bearing our label, are guaranteed by us.

Specify McKesson & Robbins' powders in pound cans.

THE COMBINED ADVANTAGES OF

Quality, Convenience, and Economy

Are insured by the employment of the following

McK. & R. FLUID EXTRACTS

IN THE MANUFACTURE OF

TINCTURES and SYRUPS.

We give below a number of fluid extracts especially prepared for the convenience of the druggist in making tinctures, syrups, etc. They are made with the same care as our other fluid extracts, and will be found very convenient, while they will produce preparations fully equal to all the requirements of the U. S. Pharmacopœia. They make clear tinctures and syrups by simple admixture, no filtration being necessary.

In ordering from other houses, please specify "McK. & R."

The method of preparing both tincture and syrup is given on the label.

Proprietary goods purchased by our customers through manufacturers' agents not returnable to us.

NOTE.—All the popular preparations and specialties in the trade, both foreign and domestic, will be furnished, in quantities wanted, at small advance upon the manufacturers' quantity prices.

❖ MCK. & R. ❖

Concentrated Pure Fruit Syrups

For the Soda Fountain.

The Syrups are prepared in our laboratory from the fresh ripe fruit. They are very concentrated and possess the aroma and taste of the fresh fruit which is so much desired by patrons of the Soda Fountain.

We make the following flavors :

| | | |
|-------------------|--------------------|---------------------|
| Pineapple, | Lemon, | Raspberry, |
| Orange, | Strawberry, | Wild Cherry. |

Supplied in 1 gallon jugs at \$2.00 each.

Write for samples and quotations.

McKESSON & ROBBINS,

91 Fulton Street, - - - NEW YORK.

WATERS, MINERAL—FOREIGN AND AMERICAN. In ordering, please specify carefully brands and sizes of packages, as noted below.

GOODS BY MAIL.

We have had much trouble on account of packages sent to us and ordered from us by mail, and desire to caution our customers that the laws are very strict.

All packages, containing POWDERS, or GLASS, except when enclosed in approved mailing-packages, PAY LETTER POSTAGE OF TWO CENTS AN OUNCE. All sealed packages must be prepaid, two cents an ounce. Packages which can be opened for examination, and which do NOT contain Powders, Glass, or Written Matter can be sent by mail at one cent an ounce.

NOTE.—If the article is not fully prepaid, DOUBLE the balance of postage is charged, when the package is received from the mails, which must in turn be charged to the sender.

ALWAYS HAVE YOUR PRINTED ADDRESS on every package sent us by mail or express.

GOODS ORDERED BY MAIL ARE SENT AT THE RISK OF CUSTOMERS.

CHOICE PHARMACEUTICALS.

Special attention is requested to our quotations of choice pharmaceutical preparations, pages 83 to 130. Besides a general line of Fluid and Solid Extracts, Cerates, Elixirs, Fruit Juices, Gelatine-Coated Pills, Plasters, Tinctures and Wines, we quote a list of *Select Powdered Drugs, Oleates, Purified Salts, Compound Stearates and Pyrozone Solutions*, the preparation of which we have made a special feature.

To those who have experienced difficulty in procuring these important classes of preparations of satisfactory quality, "McK. & R.'s" are recommended, with full confidence that they may always be dispensed without fear of disappointment to druggist or physician.

Trusting that your orders with us will be largely increased, we remain,

Very respectfully yours,

McKESSON & ROBBINS.

CORKS OF EXTRA QUALITY.

A considerable deterioration in the quality of druggists' corks, due probably to the intense competition among some of the manufacturers, has been noticeable for some time and has led to much dissatisfaction. We have received many requests for a grade of corks better than the qualities generally supplied, and having made arrangements in our Cork Department to meet this demand, we now have the pleasure of offering the

McK. & R. "MALTESE CROSS" BRAND,
CUT BY McK. & R.,

made of corkwood of the finest grades procurable, with confidence that they will merit the favor of the most exacting trade.

E. FOUGERA, Pharmacist.

Sole Proprietor and Manufacturer, 309 Eighth Street, Brooklyn, N. Y.

PRICE CURRENT MAILED ON DEMAND

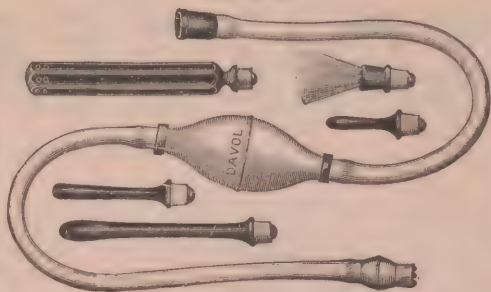

THESE GOODS ARE STOCKED BY McKESSON & ROBBINS.

THE HOUSEHOLD SYRINGES

Trade Mark "HOUSEHOLD" Registered.

PATENTED.

The celebrated "HOUSEHOLD" Syringe is manufactured of PURE RUBBER. Unlike all other syringes it has no metal fittings to become corroded, nor any screw threads or washers, which are so liable to get out of order, thus making the Syringe useless.

The Injection Tubes are not affected by acids, are soothing and agreeable in use, and easily exchanged by inserting them into the socket. For efficiency, cleanliness and durability the "HOUSEHOLD" is the most perfect Syringe obtainable.

THE MAGIC ATOMIZER,

Continuous Spray,

MADE WITH METAL AND HARD RUBBER TUBES,

In a Great Variety of Styles.

Patented May 1, '83, July 24, '83, May 26, '85.

UNEQUALLED
FOR THE
TOILET,

ALSO FOR
THROAT
AND
NASAL
APPLICATIONS.

DAVOL RUBBER COMPANY,

Providence, Rhode Island,

NATRONA BI-CARBONATE OF SODA.

(ABSOLUTELY PURE.)

The nature of the raw material from which Natrona Bi-Carbonate of Soda is made—viz.: Kryolith, a mineral containing *pure sodium*—insures a purity and uniformity of product which can not be obtained from any other known material. In making Bi-Carbonate of Soda from any other raw material, the use of sulphuric acid is a necessity, but none is used in any part of the process of making Natrona Bi-Carbonate, hence its entire freedom from the slightest trace of arsenic, which is always present in ordinary soda. Its absolute purity and entire freedom from all traces of *sulphate of soda*, common salt and other impurities render Natrona Bi-Carbonate nearly tasteless, and, being bolted through the finest bolting-cloth, insures the finest state of division. To these indisputable facts the attention of consumers of soda is specially called. They are important, and should influence both those who use and those who sell soda, to buy and sell none but the best.

The Natrona Bi-Carbonate of Soda is kept in stock by almost every wholesale druggist and Grocer throughout the United States, of whom it may be ordered.

Natrona Bi-Carbonate of Soda is Unequaled by any other brand of English or American manufacture.

FOULD'S ARSENIC COMPLEXION SOAP.....

It is being extensively advertised in all the leading Magazines and Fashion papers in this country. There is a nice margin of profit in it for the retailer and one cake usually sells another. Handsome advertising matter will be sent by dropping a line on a postal card to

H. B. FOULD,

214 SIXTH AVENUE,

NEW YORK.

SOLD BY McKESSON & ROBBINS.

Ammonol

(Ammoniated Phenylacetamide.)

AMMONOL is a product of the Amido-benzene series ($C_6H_5NH_2$). It differs essentially from the other medicinal coal-tar products, especially in that it contains ammonia in an active form, and has a stimulating action on all the vital functions.

It occurs in amorphous micro-crystals, having a pale yellowish color, is strongly alkaline in reaction, and has a pungent ammoniacal taste and odor.

The Stimulant Antipyretic and Analgesic

RELIEVES PAIN AND INDUCES SLEEP.

Ammonol is a powerful antipyretic and analgesic. It has no depressant effects, but on the contrary, stimulates the heart and circulatory system. It is superior to any of the coal-tar derivatives thus far discovered in the treatment of fevers and neuralgias. It is an invaluable remedy in dysmenorrhœa and in dyspeptic disorders, for the relief and permanent cure of gastralgia, hyperacidity of the stomach and atonic dyspepsia.

AMMONOL

A DESTROYER OF THE PLASMODIUM OF MALARIA. Analgesic. Antipyretic. Cholagogue. Expectorant. A synergist to many drugs over their beneficial action and antidotal over their harmful effects.

AMMONOL SALICYLATE

A freely soluble salt which is rapidly absorbed. It is tolerated easily by the most delicate stomach, and can be given when other salicylates cannot be borne.

AMMONOL EXCERPTA

A 48-page pamphlet, with samples, mailed free to any physician.

Some Reasons Why Ammonol is Unique Among Coal-Tar Derivatives.

- | | |
|--------------------------------------|---|
| I. It is Stimulating. | other coal-tar derivatives are contra-indicated. |
| II. It is a Stimulating Expectorant. | |
| III. It is a Stimulating Analgesic. | VIII. Ammonol aids digestion; will correct hyperacidity of the stomach and prevent fermentation during the digestive process. |
| IV. It is a Stimulating Antipyretic. | |
| V. It is a Stimulating Antiseptic. | IX. It is Anodyne and Anti-Spasmodic. |
| VI. It is a Stimulating Cholagogue. | X. It is not a secret preparation. |
| VII. It is a Safe Remedy to use when | |

Ammonol is put up in one ounce bottles only. Be sure to note the letters "Ammonol Chemical Co." blown in the shoulder of each bottle.

Expert Testimony

Concerning McK. & R. Pure Fruit Juices.

EXCEPTIONALLY FINE.

The Fruit Juices purchased from your house last year were entirely satisfactory. The Strawberry, Raspberry and Pineapple were exceptionally fine. If the season is at all favorable, we will consume at least 175 gallons.

DETROIT, MICH. Jan. 5th, 1895.

STEVENS & TODD.

FINEST EVER PRESENTED.

MESS. McKESSON & ROBBINS:

KANSAS CITY, Mo., Feb. 22d, 1896.

Dear Sirs—I am to-day giving your Mr. Blakeslee an order for your Pure Fruit Juices. In my extensive soda water trade I have had ample opportunity to test all the leading brands, and have no hesitation in saying that your Juices are richer in flavor and keep better than any I have tried. Your Strawberry was without exception the finest ever presented.

Yours respectfully, M. G. RIDDLE.

UNEXCELLED FOR AROMA AND FLAVOR.

MESS. McKESSON & ROBBINS:

INDIANAPOLIS, Feb. 6th, 1896.

Gentlemen—Allow me to state that "McK. & R. Fruit Juices" are, in my judgment, the best juices on the market. I have used them for several years and find them unexcelled for aroma, color and flavor, and quality of syrup which they produce.

Yours truly, CHAS. G. MUELLER.

TRADE CONSTANTLY INCREASING.

MESS. McKESSON & ROBBINS:

BATTLE CREEK, MICH., March 19th, 1896.

Dear Sirs—We are to-day duplicating our order for Fruit Juices. Our trade is constantly increasing while we have been using them, and we have no disposition to change. We congratulate you on your success in producing such a fine Strawberry.

Truly yours, WHEATON & GOODALE.

EXCELS THEM ALL.

MESS. McKESSON & ROBBINS:

KANSAS CITY, MO.

Dear Sirs—I have given consideration to every leading brand of Fruit Juice in the market and say unhesitatingly that yours excels them all. They keep well and are rich and fragrant. Have used them three seasons, and shall continue.

Yours very truly, H. S. McDONALD.

FRESH AND NATURAL AROMA.

MESS. McKESSON & ROBBINS:

KANSAS CITY, MO., March 1st, 1896.

Dear Sirs—Three years ago I took hold of your Fruit Juices on trial and have been more than pleased with the results. They have a freshness and natural aroma that is difficult to find in such products.

Respectfully, W. H. COOVER.

McKESSON & ROBBINS,

91 and 93 Fulton Street, New York.

McK. & R.'s Juices are prepared for the Fountain by simple admixture with the Syrup in the proportion as given on the labels. No heating nor any addition of acid is required.

PHENÀLGIN.

(Phospho-Ammonio-Phenylacetamide.)

**STIMULANT, HYPNOTIC, ANALGESIC,
ANTIPYRETIC, EXPECTORANT.**

PHENÀLGIN is a stimulant synthetic product which is used for the relief of pain, and as an antipyretic and malarial germicide. It is more safe, more stable and vastly more efficient than any other in the market, and, being put up in two ounce bottles, for one dollar, is very much cheaper than others of this class.

NOTE.—Phenàlgin is sold only in two-ounce bottles with the name ETNA CHEMICAL CO. blown in the bottom and each bottle is sealed with our special nickel-plated stopper. Phenàlgin is pure white in color, and sold in powder or 2½-grain tablets only; all others are spurious. It is the only Ammoniated Coal-Tar Product which is made of C. P. materials and pure white in color.

JAYNE'S EXPECTORANT

Is to be had in Half Size, Half Dollar Bottles now, as well as in the old Standard One Dollar Size. _____

As most people the world over know, this is one of the most efficacious remedies known for the immediate alleviation and permanent cure of all diseases of the Throat and Lungs. It has been so considered for nearly three-quarters of a century. Physicians endorse it, and not a few recommend it as their best prescription.

Jayne's Tonic Vermifuge

has probably been the means of saving more young lives than any one preparation in the whole pharmacopœa.

Not alone "young" lives, either. Its TONIC properties have a marvellous effect upon all who are suffering from Nervous Ailments; from Dyspepsia; from overwork—all who find their strength ebbing away, either with or without apparent cause. It is a nourisher for the Stomach, Muscles, Nerves, and Brain—a solid, sure and invaluable Strength Giver.

Of all Blood Purifiers Jayne's Alterative

is the surest. The proofs of this are plenty, and convincingly plain—in voluntary letters and verbal testimony from patients who have been cured of Malignant Eruptions, Sores, Dropsy, and particularly Scrofula and Cancer.

For full Catalogue of Diseases and their symptoms, and of Dr. D. Jayne's other Medicines, see Jayne's Medical Almanac—Free at your Druggist's.

F. O. B.

KEPT IN STOCK BY McKESSON & ROBBINS.

PYROZONE SOLUTIONS

**For Medicinal, Dental
and Surgical Use . . .**

PYROZONE **3%** SOLUTION (Medicinal), in 4 oz. G. S. Bottles.
PYROZONE **5%** SOLUTION (Antiseptic), in glass tubes.
PYROZONE **25%** SOLUTION (Caustic), in small glass tubes.

Pyrozone 3% Solution. A stable aqueous solution of H_2O_2 conforming to the standard of the United States Pharmacopœia. Supplied only in 4 oz., chemically clean, glass-stoppered bottles.

Invaluable as a mouth-wash and as a cleansing agent for the teeth. Destroys pus, blood-stains, and green stain on the teeth.

We would call special attention to the fact that **Pyrozone 3% Solution** is of the strength ordered by the United States Pharmacopœia. Aqueous solutions of a higher strength are placed on the market by various makers, but these contain of necessity, excessive amounts of acids and other preservatives, and are extremely liable to violent decomposition. Where a stronger preparation is required, it should be extemporaneously prepared by shaking the strong ethereal solutions of Pyrozone with water.

Pyrozone 3% Solution being aqueous *is liable to freeze*, and as we *cannot be responsible for damage arising from this cause*, we suggest to our customers the advisability of *ordering their winter supplies early in November*.

Pyrozone 5% Solution (Ethereal), removes the brown and green stain about the necks of children's teeth, and when applied by the Dentist does not affect the gums.

Pyrozone 25% Solution (Ethereal). Invaluable as a bleaching agent for the teeth and for topical application in pyorrhœa alveolaris.

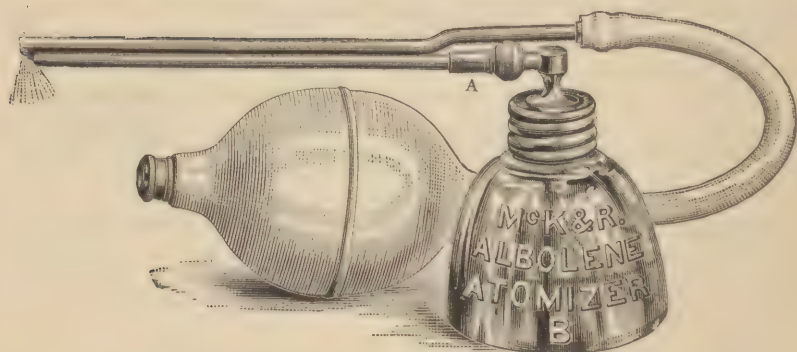

NOTE—To open tubes of pyrozone 5 and 25 per cent. solutions, wrap the tube in a cloth and nip off the top with a pair of forceps having concave beaks. Do not hold the tube in the open hand, as the warmth of the latter is sufficient to boil the ether and so cause a pressure to develop.

We request druggists to specify on their orders the strength of Pyrozone Solutions by percentage, as well as the description Medicinal, Antiseptic, or Caustic.

TARTARLITHINE

The New Remedy for
Gout and Rheumatism.

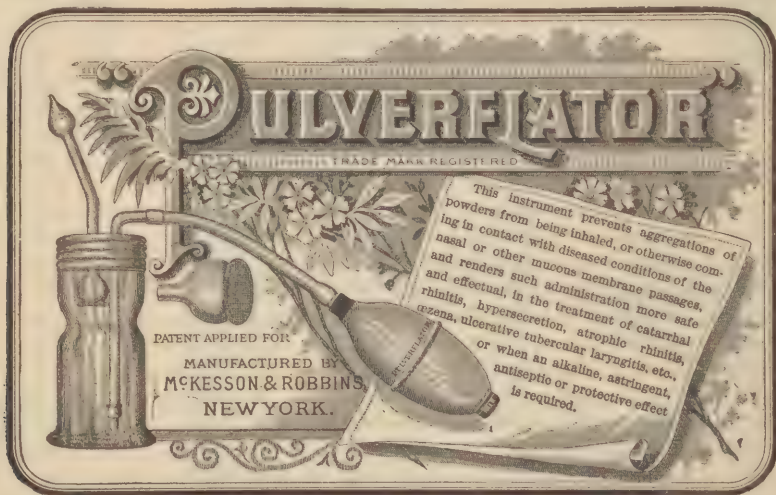

Superior to the Alkaline Salts of Lithium,
Salicylates and Lithia Waters.

Tartarlithine is exhibited in tablet form. The tablets effervesce in water, but do not contain the additional alkaline salts common to the granular preparations.

LITERATURE SENT ON APPLICATION.

In Bottles of 100 Tablets, \$7.50 per doz.

1 gross lots, \$90.00 less 10%.

Tartarlithine and Sulphur.

{ Tartarlithine, 2½ grains. }
{ Sulphur Precip. 2½ grains. }

Indicated in affections of the lower bowel, irritable and bleeding piles, stricture, fissure or fistula, and operations on the pelvic organs for laxative and valuable systemic effects.

Tartarlithine and Sulphur Tablets are expected to be of great service in incipient stages of pulmonary disease and superior to the old remedy of Cream of Tartar and Sulphur for seborrhœa, sycosis, chronic eczema, psoriasis and other cutaneous diseases.

A SUBSTITUTE FOR THE OLD-FASHIONED
SULPHUR AND MOLASSES. ∴ ∴ ∴

In Bottles of 100 five-grain Tablets, \$6.00 per doz. 1 gr. lots, \$72.00 less 10%.

. LITERATURE SENT ON REQUEST

J. TOUZEAU SAUNDERS,

312 Oxford Street, London, Great Britain.

Saunders's Face Powder, or Bloom of Ninon,

FOR BEAUTIFYING AND PRESERVING THE COMPLEXION.

SAUNDERS'S FACE POWDER IS NOW PREPARED IN THREE SHADES—PINK, WHITE, JAUNE, THE LATTER BEING SUITABLE FOR DARK COMPLEXIONS.

SPECIAL TRADE NOTICE.

On and after this date, in addition to the Strip Label hitherto used round the boxes, there will be a special Trade Mark Label, a *fac-simile* of which, printed in black ink only, is annexed hereto.

The Trade Mark Label, which will in future be used on all articles of my manufacture, is printed thus: a grayish black ground on which the lettering is in black; the centre oval in vermillion, on which the monogram appears in white, shaded black; the bordering lines and

corners in vermillion. This label being duly registered in the Patent Office, Washington, U. S., all persons infringing J. TOUZEAU SAUNDERS'S trade rights will be proceeded against.

As this Trade Mark Label bears my signature, it will not in future appear on the Strip Label hitherto used.

The Trade Mark Label will be used on all goods of my manufacture.

As it is in the interest of all respectable traders that fraud should be exposed and punished, I shall feel greatly obliged should any imitations come under the notice of the trade, to whom this is addressed, if they will advise my Attorney, Mr. C. W. TOWN, 47 Wall Street, New York, thereof.

I take this opportunity of cordially thanking my friends in the United States for their kind favors during so many past years. Very respectfully,

312 Oxford St., London, 1st Jan., 1879.

J. TOUZEAU SAUNDERS.

SAUNDERS'S EAU BLONDE, or GOLDEN HAIR WASH, has a large sale and is much approved.

THE SMOKER'S TOOTH POWDER and LADIES' OWN TOOTH POWDER are most agreeable dentifrices, and command a good sale wherever they are introduced.

SAUNDERS'S LIQUID BLOOM OF ROSES, a purely vegetable production, as harmless as water; greatly improves the appearance where the complexion is pale. It may be graduated to any tint, and is so natural as to defy detection.

SAUNDERS'S EAU MERVEILLEUSE is the only true restorative of the natural color of Hair which has become Grey from whatever cause. A patient investigation of the physical causes of the organic debility to which the presence of Grey Hair is attributable, has resulted in the discovery of the true remedial agent, which is here introduced under the appropriate title of **EAU MERVEILLEUSE**.

SAUNDERS'S GUARDS' HAIR DYE instantaneously changes Red or Grey Hair to a natural Brown or Black, is perfectly harmless, and half the price of the ordinary Dyes.

The Whiskers and Mustachios dyed in one minute.

The **GUARDS' DYE** has now been in use many years, and is preferred to all others.

THE BEST

LINIMENT

ON EARTH IS

Merchant's

Gargling Oil

Used Over Sixty-Three Years.

Over two generations of men have proved its virtues.

Merchant's

Worm Tablets

Safe, Speedy, Sure Cure ; Purely Vegetable.

Dealers in Medicines cannot do better than order these standard remedies and keep them always in stock.

DIURETIN-KNOLL.

DIURETIN-KNOLL is now being extensively used in the cure of BRIGHT'S DISEASE, ACUTE AND CHRONIC NEPHRITIS, KIDNEY AND HEART AFFECTIONS IN GENERAL; and in the SCARLATINAL NEPHRITIS, and other KIDNEY DISORDERS which follow the fevers of children.

MANNER OF DISPENSING.

DIURETIN-KNOLL should not be dispensed in paper, nor should it be exposed to the air. It is very soluble in cold water, forming a clear and permanent solution.

CAUTION.—None genuine without the label, described above.

DOSE—ADULTS.

Ten to fifteen grains may be given from four to eight times a day; in certain cases as high as 200 grains a day have been given. As a general rule the effects of the drug are manifested in 48 hours, or sooner. DIURETIN-KNOLL is neither cumulative nor toxic.

DOSE—CHILDREN.

DR. DEMME recommends the following for children :

| | |
|-----------------------|-----------|
| Diuretin-Knoll | gr. xxij. |
| Distilled Water | ℥ iiij. |
| Brandy | gtt. x. |
| Sugar | grs. xl. |

M. Sig. Take in the 24 hours in doses of one tablespoonful.

For children of from 2 to 5 years old the daily dose is $7\frac{1}{2}$ to 22 grains; and for children of from six to ten years, 22 to 45 grains a day.

The genuine is issued only in original square glass-stoppered vials of 1 oz., labeled as above.

Superior to Copaibæ or Cubebs.

✱ A RELIABLE REMEDY FOR ALL DISEASES OF THE URINARY ORGANS. ✱

A Remedy which can be relied upon AS A CERTAIN CURE for Gleet, Gravel, Stricture, Seminal Weakness, Gonorrhœa, Leucorrhœa, Falling of the Womb, Dropsical Swellings, Retention and Incontinence of Urine, and all other diseases the result of inflammation, irritation, or debility of the Urinary Organs.

COMPOUND EXTRACT OF SANDAL-WOOD

Is free from all unpleasant taste or smell, being a sweet aromatic confection that can be taken by all ages and conditions.

A single trial will convince the afflicted of its efficiency.

NOTE.—COMPOUND EXTRACT OF SANDAL-WOOD absolutely contains no mercury or other mineral or vegetable poison, and can be taken with perfect safety by children or adults.

DEVOE SNUFF CO.,

SPOTTSWOOD, N. J.

For Sale by McKESSON & ROBBINS, New York.

W. S. THOMPSON, THE LEADING DRUGGIST OF WASHINGTON, D. C., IN
A LETTER DATED JUNE 9th, 1896, SAYS:

“Booth's ‘Hyomei’

POCKET INHALER OUTFIT is a remarkably good seller and gives satisfaction to the customers.”

Jobbers buy them in five and ten gross lots. Hegeman & Co., 196 Broadway, New York City, during last season sold on an average two dozen per day. George B. Evans, of Philadelphia, sold as many as three gross per week. E. E. B. Gibson, our Boston agent, from January to April sold on an average about six gross per week.

This season we shall advertise more generally and shall aim to cover the whole country. You will have calls for the Outfits, and then a steady demand for extra bottles of inhalant will follow. We have the best and most convenient thing of the kind on the market. It does all we claim for it.

| | |
|---|--------|

NEW YORK.

THE IMPERIAL CORN AND BUNION SOLVENT.

NO PAIN! NO SENSATION OF PAIN!

We guarantee in eight hours more benefit than can be derived in ten days from any ingredient of a similar nature. Corns and Bunions wholly removed by our SOLVENT in eight hours. It possesses no poisonous or deleterious ingredient, and its use can in no wise affect the most delicate skin or tissue. It is incontestably the only agent known to science capable of wholly eradicating the Corn and Bunion, root and branch. A single application of our SOLVENT will prove more conclusive verification of our statement than would whole pages of printed matter. We have thoroughly tested this remedy, and our business reputation, which we hold paramount to gain, justifies us in saying that in its magical effects our SOLVENT has no equal. The price we have placed at only 25 Cts. Full directions accompany each bottle. Prepared only by

J. K. COOK & COMPANY, NEW YORK.

GUILD'S

GREEN MOUNTAIN

ASTHMA CURE

This unrivaled remedy is the result of many years study and experience in the special treatment of diseases of the lungs and throat, by Dr. J. H. Guild, graduate of New York Medical College and New York Chemical Laboratory, a practitioner in Bellevue and New York Charity Hospitals and a physician of recognized ability and distinguished eminence. This article has been the standard remedy for Asthma for a quarter of a century. It has found its way on its own merits to every civilized country on the globe. The growing demand, its great popularity and general use, stamp it as absolutely the most successful and satisfactory remedy that has ever been placed on the market. No other preparation has met with such great and uniform success, as a permanent cure for Acute or Chronic Asthma, especially Spasmodic Asthma, Hay Asthma, etc. Absolutely harmless, can be used by the most delicate with perfect safety, whether young or old, and never fails to give immediate relief and perfect satisfaction. Thousands of testimonials from all over the world reciting the most marvellous cures. The remedy is handled by all leading wholesale drug houses. Ask your druggist for it, or it will be sent by mail on receipt of price. Large size, \$1.00; small size, 25c. Send for our Practical Treatise on Asthma, its causes, symptoms, treatment, etc. Will be sent free. Address

40 DROPS OF CONSTITUTION WATER

three times a day cures Diabetes, Inflammation of the Kidneys, Catarrh of the Bladder, and Brickdust Deposit. For female complaints a specialty.

Constitution Water has been pronounced by the medical faculty and the public to be the most wonderful remedy for the permanent cure of all diseases of the stomach, liver, kidneys, bladder and womb, that has ever been offered.

It is not a mineral water, but a preparation discovered by a physician, who was formerly assistant at the Blackwells Island Hospital, New York.

These hospitals, without doubt, present the best field for the study of diseases (particularly those of the genito-urinary organs), to be found either in this country or Europe.

It is from the results of this experience that Constitution Water has emanated, and we now say let no man doubt, when a single bottle has been known to cure diseases which the best medical talent in this country has failed to relieve.

PULVERFLATOR.

PULVERFLATOR.

Trade-Mark Registered.

CAUTION!

A physician should always be consulted regarding the combination to be used.

The selected formulas of the

McK. & R. COMP. STEARATES

are specially adapted to this method of medication.

One package of the McK. & R. Comp. Stearate of Zinc with Menthol supplied with each Pulverflator, also a list of formulas for physicians' prescriptions and office use.

DIRECTIONS

—FOR—

USING THE PULVERFLATOR.

Remove the screw cap A and put sufficient of the powder prescribed into the bottle to cover the rubber cap or valve B on the glass tube inside; after which replace the cap A firmly over the rubber stopper. Adjust the bulb and rubber tube to the valved glass tube C and insert the distributing tube required D. The Pulverflator should be used after a full inspiration of air into the lungs, and when the powder has been blown into the anterior and posterior nares or throat, by compressing the bulb E gently, the patient should exhale, and in this way prevent the powder from covering more than the passages, for which it is intended. The bulb E and rubber tube can be kept free from powder only by keeping the rubber cap or valve B on the inside end of the glass tube C. The bolting cloth sieve F effectually prevents aggregations of any powders from passing through the tube D and renders their administration perfectly safe and effectual. Should the sieve on the bottom of the bulb F become clogged, the obstruction can be readily brushed or blown off.

PRICES OF PULVERFLATORS.

We shall be pleased to send to any druggist illustrated pamphlets on the uses of the Compound Stearates, together with samples for clinical trial by his physicians. The Compound Stearates have become very popular with the profession for insufflating purposes, and also form excellent bases for dusting powders and other toilet preparations.

McK. & R. COMPOUND STEARATES.

The Compound Stearates, introduced recently to the leading Dermatologists of New York by McKESSON & ROBBINS, are now presented to the Medical Profession at large, with confidence, as powders, which are remarkable for their mollescence when applied to anoint or protect diseased conditions of the skin and mucous membrane.

Desirable as adjuvants in insufflations and antipruritic as dusting powders, they can be used to cover and protect the surface of the skin, without soiling the clothing, and offer a very profitable field for therapeutic investigation, where the frequently rancid oleates and ointments, or the ordinary soluble and non-adhesive dusting and other powders for the skin and mucous membrane, are not desirable.

*144-150 Franklin Street,
28-30 North Moore Street,*

 **NEW YORK.**

Western Branch,

CINCINNATI, OHIO.

**High-Grade Rye
and Bourbon**

WHISKIES,

IN WOOD AND IN CASES.

Especially Adapted for the

*** DRUG TRADE. ***

Mount Vernon

At times we all need a stimulant, either to restore strength after illness, to ward off the effects of chill or cold and to tone up the system, when by too close attention to business, exposure or other causes, the vitality is below par. The kind and quality of the stimulant to be so used is of much importance.

Our best physicians prescribe, for our climate, American whiskey, and those who have made an exhaustive study of the subject pronounce whiskey made from rye the best for medicinal use, as not possessing the heating effects of Bourbon or other whiskies made from all or part corn. Naturally, the inquiry comes: "What brand and in what shape can a rye whiskey be obtained that the physician or consumer may feel is strictly pure and reliable?"

Upon thorough investigation, the

MOUNT VERNON PURE RYE WHISKEY,

bottled at the distillery, with an absolutely satisfactory guarantee of purity and original condition, will be found to answer this inquiry.

The distillery bottling may be known by its square-shaped bottle, bearing the guaranty label of purity.

THE COOK & BERNHEIMER CO.,

144-150 Franklin Street, New York.

INDEX.

NOTE.—We call attention to the following:—Changes in prices to be made in the Druggists' Sundries Department of our Prices-Current of 1883, pages 175 to 203; Fluid Extracts, pages 92 to 101; Fruit Juices, pages 104 and 207; Gelatine-Coated Pills, pages 107 to 122; Albolene, the favorite base for ointments, pages 82, 84, 85 and 86; Pyrozone, pages 106 and 224; Compound Stearates, p. 124; Tartarlithine, pp 125 and 161; and Blennostasine opp. 3rd p. of cover.

BLENNOSTASINE

A RELIABLE REMEDY FOR

*Influenzal Colds, Hay
Fever and Catarrh,*

Blennostasine is a crystalline solid, very soluble in water, and is entirely harmless even in large doses.

It is recommended in all affections characterized by excessive mucous secretion. If given frequently it will invariably arrest the sneezing and mucous discharge of ordinary influenzal colds and effect a cure in less than twenty-four hours. This speedy relief is not followed by injurious after effects.

In hay fever and catarrh prompt relief is almost always secured.

DR. FLETCHER INGALS OF CHICAGO, WRITES:

MESSRS. MCKESSON & ROBBINS.

Dear Sirs:—My trial of Blennostasine has convinced me of its usefulness in the treatment of excessive mucous secretions.

BLENNOSTASINE is supplied in crystalline form in 1 oz. bottles, and in 1, 3 and 5 grain Gelatine Coated Pills.

McK. & R. Blennostasine Crystals. In 1 oz. bottles, \$1.00 per doz.

McK. & R. Pills Blennostasine 1 gr. In bottles of 100 pills, 50c each.

McK. & R. Pills Blennostasine 3 grs. In bottles of 100 pills, \$1.25 each.

McK. & R. Pills Blennostasine 5 grs. In bottles of 100 pills, \$1.75 each.

Also in bottles of 500 pills at 3 cents per 100 less.

TARTARLITHINE

A RELIABLE REMEDY FOR

*Gout, Rheumatism and
Uric Acid Disorders.*

Superior to lithia waters, salicylates and alkaline salts of lithium.

Acts chemically by rendering the blood alkaline and dissolving the uric acid concretions.

Does not disturb the stomach or affect the heart.

Supplied in bottles of 100 5 grain tablets, \$7.50 per doz.

Also in combination with Sulphur.

TARTARLITHINE AND SULPHUR.

A useful alternative, and of value in chronic articular rheumatism and lumbago.

A substitute for the old fashioned sulphur and molasses.

In bottles of 100 5 grain tablets \$6.00 per doz.
